Good morning my name of course is Geneva Dorsey I was a part
of your felony program in Florence Mc Clure Women's Correctional Center. To be in this program you
had to have your high school diploma be 6 months write up free, disciplinary free.
and you had to be 6 months to the gate for release, (and I was) so I got the scholarship. I got out of
prison in 2017 interstate compact out of state to Florida and finished the course with the aid of Mrs.
Gwen, with the transfer of my credits. I began to start my life when a hurricane hit Florida the city had to
restructure, and they had to clean the city. I did work with my license. No legal action but with the
my new arrival and having to establish my rental history from scratch meaning have to have that.
work history to secure the lease. My 6 months were non-existent so I experienced homelessness.
this was unacceptable to the NV Board of Interstate Compact, so they said to come back and establish.
yourself here. I moved back to NV and then the pandemic hit. I ended up homeless for 2years.
anyway. Now the City is back to normal. I have been working at the 7-Eleven and now I have to
petition to get my active license transferred. I request the motion to move to the Nv State Law Test

Board of Cosmetology

To Whom it May Concern;

My name is Erika Lozano. I am a 30 year old female currently serving a 72-180 month sentence at Florence McClure Womens Correctional Center.

Prior to my incarceration I lived a relatively normal lifestyle. I married young and had children at a young age. Being involved in an unhealthy relationship, I began to use drugs to escape emotional pain. In the years involving my drug use I started to lose everything. My children to family, my home and ultimately the death of my husband. With no responsibilities and feeling low self worth, I continued to spiral deeper into the street life of a drug user, and everything that came along with it. Ultimately leading me to Rob a store while under the influence. Since my incarceration I've come to recognize, accept and deal with the deeper pains my past has caused me. Becoming more aware, and taking accountability of my actions. Knowing that in every choice and situation - I can always do what's right. Knowing the best way to stay in control, is to stay in control of myself. I no longer run from emotional issues, and handle them the best way that I can. I now know its

Key to ask for help when I need it. I've missed out on so much of my children's lives that it was a priority to be open-minded to all that change brought along. I've been given a second chance with this prison sentence, a second chance to be a mother, a better me. I've taken classes here and in my open-mindedness I've found a new self worth. I'm capable of accomplishing any thing I ~~set~~ set my mind to, and I have. Being a part of the 'Nail Tech' program has also helped me in accomplishing mini mile stones in my views of other people and the "out side" world. I feel for once in my life I found a career I can see my self succeeding in. Thank you for allowing me the opportunity to learn new things, most of all to learn new things about myself.

Sincerely

I attended Ability school of Esthetics from 6/13/2023 to 9/12/2023, and completed the required 600-hour training for NV Esthetician's license. I applied for theory testing on 9/12/2023 and Passed both theory and state law tests on 9/19/2023.

When I went to the Board office to get my license, I was told that my application was denied because they were "unable to verify schooling information". The staff members at the counter refused to provide any specific information. I was asked to appeal to the Board. Here I am to present my case.

I attended a 75-hr laser course at Ability School of Esthetics between 4/4 - 4/18/2023. The total instructional hour was over 75 on my calculation. The teacher sign us in and out every day. We were later called back to school to re-sign the attendance sheets. The reason was that we did not include our license number and signature on the attendance sheets. We were told that this new rule was put in place by the Board on 4/15/2023. I signed the sheets with my license number later. When I applied for the advanced esthetics license, I was told to petition to the Board without given a reason. I am here to petition to the Board on this matter.

On May 10, 2023, Service Specialist Erica Swick contacted Jerry Xu regarding the sign-in sheet for the Ability School of Aesthetics laser course between April 4 and April 18, 2023.

Erica listed out the following issues with the sign-in sheet.

1. Chui Ping was listed on the sign-in sheet; no active licensed estheticians in the Nevada State Board of Cosmetology system were listed under Chui Ping.
2. The sign-in sheets appeared as though one person had filled them out. The writing is all the same, and each day has no instructor signature. This document looked fraudulent.
3. The sign-in sheet needs to be filled out by each licensee on each day of attendance.

On May 10, 2023, Jerry Xu responded, stating that This particular attendance sheet was created before the recent Board meeting regarding the laser classes. This class was registered and starting before 4/10/2023. The instructor who taught the class recorded the attendance and teaching hours on a daily basis as we had done before.

Unfortunately, this sheet was created without any specific guidance or detailed requirements.

I attended a 75-hr laser course at Ability School of Esthetics between 4/4 - 4/18/2023. The total instructional hour was over 75 on my calculation. The teacher sign us in and out every day. We were later called back to school to re-sign the attendance sheets. The reason was that we did not include our license number and signature on the attendance sheets. We were told that this new rule was put in place by the Board on 4/15/2023. I signed the sheets with my license number later. When I applied for the advanced esthetics license, I was told to petition to the Board without given a reason. I am here to petition to the Board on this matter.

Pursuant to NAC 644A.870, grounds for disciplinary action Include providing false information to the Board. By signing below you're certifying that the Information you provided in connection with this form is true and correct to the best of your knowledge.

On May 10, 2023, Service Specialist Erica Swick contacted Jerry Xu regarding the sign-in sheet for the Ability School of Aesthetics laser course between April 4 and April 18, 2023.

Erica listed out the following issues with the sign-in sheet.

1. Chui Ping was listed on the sign-in sheet; no active licensed estheticians in the Nevada State Board of Cosmetology system were listed under Chui Ping.
2. The sign-in sheets appeared as though one person had filled them out. The writing is all the same, and each day has no instructor signature. This document looked fraudulent.
3. The sign-in sheet needs to be filled out by each licensee on each day of attendance.

On May 10, 2023, Jerry Xu responded, stating that This particular attendance sheet was created before the recent Board meeting regarding the laser classes. This class was registered and starting before 4/10/2023. The instructor who taught the class recorded the attendance and teaching hours on a daily basis as we had done before.

Unfortunately, this sheet was created without any specific guidance or detailed requirements.

On May 10, 2023, Jerry Xu responded by sending in a new sign in sheet

PETITION STATEMENT

State of Nevada
Board of Cosmetology
8945 W Russell Rd ste 100
Las Vegas, NV 89148

To whom it may concern,

My name is Frida Tju, and I am the owner of Global Diversified Services Inc located at 4150 Pioneer Ave ste B, Las Vegas, NV 89102. I offer administrative and business support services and income tax return preparation. I have business licenses from the State of Nevada Secretary of State, Clark County Business License and City of Las Vegas which are attached in the email. I am also a DMV approved translator for Mandarin and Indonesian. I only offer lawful and legal professional services.

I help and assist many small business owners in their business licenses applications, including but not limited to, salon applications, reflexology establishments, massage establishments, restaurants, and liquor license. I have worked with Clark County Business License department and City of Las Vegas Business License department for many years.

The vast majority of my clients are not bilingual. Language barrier is the main reason why they come to me for help in licensing process. And this is also the main reason why I help them (when requested to by my clients) following up their cases with different departments who are involved in the licensing process, including the Nevada State Board of Cosmetology. I communicated their situation as disclosed to me.

However, I am not involved in my clients' business operations, management and/or ownership. Therefore, I have no control on how they run and operate their business. It is their decision when they want to open or close their businesses, not mine. I am simply helping them relay the messages and/or fill out necessary forms and/or applications to all related departments.

So, when I received an email from Janie Huggins (Chief Compliance Officer) on 10/11/2023 stated that going forward, Cosmetology Board will no longer be able to accept any application or information communicated by me for the establishments, I am confused and perplexed. I am being punished for something that I had no control over. I feel like I am being punished because someone else broke the rules and regulations.

I have many clients who want to open a Spa business (Cosmetology with massage establishments). For these types of business licenses, I need to deal with the Nevada State Board of Cosmetology and other departments. I cannot skip your department and go straight to the Clark County

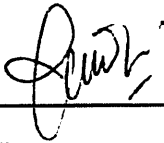

Business License or the City of Las Vegas Business License department. If I cannot help my clients in obtaining their Salon License, I will lose them and their businesses. This will affect my business tremendously in a negative way.

If you feel that I am providing false information regarding my clients, I apologize. But that was the information that they gave me, I may have failed to communicate their desires and intentions as disclosed to me. They asked me to help them cancel their business licenses. Most of them were because their Clark County Business License was revoked or suspended. In my mind, if they don't have their Clark County Business License, they cannot operate their business anyway. So, cancelling their State of Nevada Salon License is the right thing to do. But I absolutely have no control if they continue to operate without any licenses.

This petition, as submitted, is general in nature because it really consists of a misunderstanding regarding my intentions and the scope of my business services. However, to prevent this from happening again in the future, I have created a Salon License Cancellation Request Form (Exhibit E) which all Licensee will need to complete, sign, and return to me after they have ceased operations. I will review and confirm the information on the form with the Licensee. I will then submit the form to Nevada State Board of Cosmetology on their behalf. It is up to your discretion to either approve the Licensee request or not.

Therefore, I am filing this Petition to Appear before the Nevada State Board of Cosmetology to explain what type of services I am providing and how I am related to my clients. I hope that through this hearing we can work things out.

Sincerely,

Frida Tju

Hello, Frida,

I have another business that is open and operating despite you telling me to close out. Can you please explain what is happening here?

Thank you,

Hi Janie,

Honestly, I don't go visit my clients' businesses often, especially after I'm done rendering my services to them. So, I don't know what they do with their business if they don't tell me.

Was someone working there?

Hi, Frida,

If you are communicating on their behalf to the Board then it would appear you are still in some way representing their business. You have repeatedly provided me with false information. Going forward, we will longer be able to accept any application or information communicated by you for the establishments. Additionally, we will not be communicating with you regarding establishments any longer.

Thank you,

Hi Janie,

This is not fair to me at all. First of all, my business is doing paperwork and interpretation for my clients, I assist them in filling out applications, forms and paperwork. I have a business license for this in Clark County and the City of Las Vegas. I communicate on their behalf based on information that they provided to me. I do the same thing with the Clark County Business License department and City of Las Vegas.

I am also a DMV approved translator for Mandarin and Indonesian. Interpretation is also the core of my business. I can explain myself to the board, please give me a chance to work this out. Clark County business license department has an Out of Business form that applicants or business owners can fill out. Maybe the Cosmetology Board should have the form as well.

I have no control in how my clients run their businesses. If they hide information from me, I have no control over that too.

Sincerely,
Frida Tju

Thank you for taking the time to read my request for variance - I was certified and trained as a Laser Technician by Jennett McKellar, LME of Touch Up Laser Inc. in Las Vegas and she now is the instructor for the 75 hour advanced esthetic course at Quadra Health .. I now under the new law can no longer perform my services – I have been told I have to go back to school take the 600-900 hour course to become an esthetician which at 53 and the primary caregiver for an 88 year old with dementia going back to school is not an option – I have been performing as an laser technician under a medical director – can I not take the 75 hour course and be allowed to continue to be a laser technician so my source of income isn't cut off. Thank you for understanding the situation.

Reason(s) for appearing before the Board:

Hello, my name is Milena E Crenshaw, I'm writing to You with a appeal of fine I recived 07/05/2023. June 8th 2023 I recived cease and desist letter from Cosmetology Board of Nevada that says I have immediately stop providing a service of eyelash extensions since I don't have proper licensing. Exactly the same day I did what I was told to do. I removed all advertising from internet, blocked my booking site for eventual bookings and changed my Instagram account from buisness to the regular one. I removed as well all links that were forwarding to the booking site and changed a profile to private which in my understanding was also a part of advertising. I didn't accepted as well any new followers since then.

At July 5th 2023 I recived a 2nd cease and desist letter as well as fine of \$2000. I called a phone number provided on Nevada Cosmetology Board to get an information about that and was told the fine was put on me since my booking site and Instagram profile still exists.

I was not aware that I need to completely delete it, I thought I did enough in this matter. Since I'm not a native English speaker I asked my husband MStg Russell Crenshaw to read it and explain what has to be done, and in his understanding I had to immediately stop servicing and advertise myself.

I kept booking site because I wanted provide other services instead, and Instagram profile to serve me different purposes (ex. Educational platform, since a lot of my followers were fellow lash artists).

It was not in my intention go against the Nevada Cosmetology Board again since I'm enrolled to esthetician school, and want to obtain all necessary licensing in near future.

After phone call I immediately and completely deleted both booking site and Instagram profile. I'll attached a picture dated 06/08/2023 when I announced closing of my buisness as well as proof of deleting booking site and Instagram profile. Although as of today 07/07/2023 they're both still showing in Google search (the links don't work anymore).

I need to add as well, that my husband MStg Russell Crenshaw, will be deploying soon to the new Air Force base for a year, and as of family with one military income it would be a great financial burden to have to pay \$2000.

I hope Nevada Cosmetology Board will take this misunderstanding under consideration with making decisions on this appeal.

Sincerely,
Milena E Crenshaw

CEASE AND DESIST NOTICE**

Dear Milena Crenshaw,

Be advised that the Nevada State Board of Cosmetology ("Board") has been notified of your unlawful activities in the State of Nevada.

Pursuant to Chapter 644A of the Nevada Revised Statutes ("NRS"), the practice of cosmetology, including the practice of shampoo technology, esthetics, advanced esthetics, hair design/braiding, and/or nail technology, is subject to the protection and regulation by the State. Further, the State has entrusted the power to regulate and enforce the practice of cosmetology to the Nevada State Board of Cosmetology.

Chapter 644 of the Nevada Revised Statutes and Nevada Administrative Code regulates the practice of Cosmetology and all the branches thereof. Predicated on the aforementioned, this correspondence shall serve as a demand that Milena Crenshaw immediately cease and desist offering, advertising, or providing any esthetic or advanced services without being licensed by the Board and operating a salon without being licensed by the Board. This includes, but is not limited to, eyelash extensions, body sculpting, body contouring, laser lipo, cavitation, and radio frequency.

Be advised that NRS 644A.850 authorizes the Board to impose additional fines of up to \$2,000 per violation upon any person who violates the provisions of NRS 644A.850, which delineates the grounds for disciplinary action by the Board. Additionally, NRS 644A.950 states that any person who violates any provisions of NRS Chapter 644A is guilty of a misdemeanor. In the event you fail and refuse to comply with this cease and desist demand, the Board may seek any and all disciplinary action against you.

This correspondence shall not waive any of the Board's rights and/or remedies, all of which are specifically reserved.

Respectfully,
Nevada State Board of Cosmetology

CEASE AND DESIST NOTICE**

Dear ESTEFANIA RAMOS,

Be advised that the Nevada State Board of Cosmetology ("Board") has been notified of your unlawful activities in the State of Nevada.

Pursuant to Chapter 644A of the Nevada Revised Statutes ("NRS"), the practice of cosmetology, including the practice of shampoo technology, esthetics, advanced esthetics, hair design/braiding, and/or nail technology, is subject to the protection and regulation by the State. Further, the State has entrusted the power to regulate and enforce the practice of cosmetology to the Nevada State Board of Cosmetology.

Chapter 644 of the Nevada Revised Statutes and Nevada Administrative Code regulates the practice of Cosmetology and all the branches thereof. The State of Nevada requires any cosmetology service (or branch thereof) be performed by a licensed individual and only inside a licensed establishment. By offering, advertising, or providing any nail or esthetic services, without proper licensing, you are not in compliance with these provisions.

Predicated on the aforementioned, this correspondence shall serve as a demand that ESTEFANIA RAMOS immediately cease and desist offering, advertising, or providing any nail or esthetic services without being licensed by the Board and operating a salon without being licensed by the Board.

Be advised that NRS 644A.850 authorizes the Board to impose additional fines of up to \$2,000 per violation upon any person who violates the provisions of NRS 644A.850, which delineates the grounds for disciplinary action by the Board. Additionally, NRS 644A.950 states that any person who violates any provisions of NRS Chapter 644A is guilty of a misdemeanor. In the event you fail and refuse to comply with this cease and desist demand, the Board may seek any and all disciplinary action against you.

This correspondence shall not waive any of the Board's rights and/or remedies, all of which are specifically reserved.

Respectfully,
Nevada State Board of Cosmetology

Re: # V3146298

Dear Board,

I have received a fine for what is said to be “individual practicing without a license or certificate”. I would like to address the board regarding this fine.

On August 4th, 2023, I received the letter and fine to which I called the Board of cosmetology to ask for more information as the first letter I received did not address any particulars. Therefore, I was not sure what I was to cease and desist. Over the phone call, I was told the following: That someone reported I am practicing without a license which is completely false. I was told that my website is claiming that I am doing lash lift which is not completely true. I advertise that our salon Tat2ed Beauty offers lash lift and tints but it is also a required check box before the client pays that the services are provided by Anointed Skin which is my licensed esthetician. My studio/salon is licensed by the board. I was told that I am falsely advertising to which I don't believe to be true as there is a check mark acknowledging that Anointed Skin is providing the service. This box must be checked off to purchase therefore there is disclosure to the client. We have suspended providing the service all together until we have a hearing with the board so there is no confusion. We are in the works of having our website updated but I don't want to move forward until we get clarity from this incident.

The business agreement that Anointed Skin and I have is no different than the popular Groupon site, where I advertise and the client pays through our site and then gets serviced by the individual. Yes, our website is not as fancy but the disclosure is made to the clients. After a client books there is an automatic welcome letter that the website sends out. I have attached a screenshot of the required box that must be checked off before paying as well as our welcome letter for your convenience and understanding. She is our only esthetician I have at the moment. We have complied with all requirements for the room and her license.

I look forward to hearing from the board. I would like to respectfully know the name of the person who is claiming this as this is not the first time there is a false complaint and would like to proceed with a civil harassment case which would require as much evidence as possible.

Should you have any questions, please contact me on my personal cell

Yours truly,

Emily Rocha

The only pictures/videos that I have posted on my Instagram is from the people I do nails at school. My Instagram has also stated that I am a Las Vegas nail tech in the process and that I am a student at Euphoria. Thank you.

Hello, my name is Shannon Logan, I just turned 18 and recently graduated high school this past Spring. Doing lashes has been a passion of mine for a while now and have had plans to pursue a career in this field. Last year I purchased a course certification test from a lash technician under the impression that was all I needed to start doing lashes since different states have different regulations, I was never told different. I had also gained a Barbacide certification trying to do the right thing. At that time I was still in high school and could not enroll in esthetician school to get my actual license as I did not yet have my high school diploma. I thought I was doing a good thing pursuing my goals while in school and working all along having plans to attend esthetician school as soon as I graduated. Once I received the Cease and Desist letter in the mail I took down my booking site and stopped taking clients. After graduating but prior to receiving the notice I had already enrolled in Esthetician school trying to take the necessary steps to continue pursuing my dream. My start date is October 2 (enrollment contract attached). Shortly after receiving the Cease and Desist letter I had got another notice with the fine which I would like a chance to appeal. I am truly trying to do the right thing but just wasn't aware of the licensing requirement. I definitely want to stay in a good standing with the Nevada State Board of Cosmetology since this is something I love and have been dedicated to and working toward for the past year but as a young person just turning 18 and now having to pay for school I do not have extra money to pay the fine and once I realized I was doing something wrong I stopped. I ensure that in the future I will be checking on all requirements and regulations set forth by the board and will abide by them. I would like a chance to appeal, hopefully have the fine dismissed and a chance to continue on with my dream once I complete school.

Pursuant to NAC 644A.870, grounds for disciplinary action Include providing false information to the Board. By signing below you're certifying that the Information you provided in connection with this form Is true and correct to the best of your knowledge.

Dear Shannon Denise Logan,

Be advised that the Nevada State Board of Cosmetology ("Board") has been notified of your unlawful activities in the State of Nevada.

Pursuant to Chapter 644A of the Nevada Revised Statutes ("NRS"), the practice of cosmetology, including the practice of shampoo technology, esthetics, advanced esthetics, hair design/braiding, and/or nail technology, is subject to the protection and regulation by the State. Further, the State has entrusted the power to regulate and enforce the practice of cosmetology to the Nevada State Board of Cosmetology.

Chapter 644 of the Nevada Revised Statutes and Nevada Administrative Code regulates the practice of Cosmetology and all the branches thereof. Predicated on the aforementioned, this correspondence shall serve as a demand that Shannon Denise Logan immediately cease and desist offering, advertising, or providing any esthetic services without being licensed by the Board and operating a salon without being licensed by the Board. This includes, but is not limited to, eyelash extensions.

Be advised that NRS 644A.850 authorizes the Board to impose additional fines of up to \$2,000 per violation upon any person who violates the provisions of NRS 644A.850, which delineates the grounds for disciplinary action by the Board. Additionally, NRS 644A.950 states that any person who violates any provisions of NRS Chapter 644A is guilty of a misdemeanor. In the event you fail and refuse to comply with this cease and desist demand, the Board may seek any and all disciplinary action against you.

This correspondence shall not waive any of the Board's rights and/or remedies, all of which are specifically reserved.

Respectfully,
Nevada State Board of Cosmetology

Divine Lashes Divine Lashes by Shannon.

Choose Appointment Your Info Confirmation

PLEASE READ BEFORE BOOKING!

Location

I am located near Rainbow and Blue Diamond in the southwest Las Vegas area! You will receive a message with the exact address the day before your appointment.

Getting Ready for your Appointment

- Please be sure to shower before your appointment. I'll be very close to you during your appointment and also, it's best to avoid getting your lashes wet for 24 hours after your appointment. :)
- Use the restroom before your appointment or ask to use it before we start.
- Please avoid drinking caffeine before your appointment, as this makes your eyelids shaky and more difficult to work on.
- Come with a **clean face and no eye makeup!** Save time for both of us so cleansing your lashes only takes a few minutes.
- **Remove your contacts** before your appointment. Fumes from the adhesive can get trapped under your contact causing discomfort.
- Wear comfortable clothes! You'll be laying down for a few hours so you want to be comfy.
- It's best to wear your hair down to your appointment as low ponytails/buns will hurt your head as you lay down.

Deposits

Each appointment requires a **\$20 deposit** to prevent no calls/shows. This can be sent on Zelle, Cash App, or Venmo. **Your appointment will not be confirmed until a deposit is sent.**

<https://divinelashesbyshannon.as.me/schedule.php>

Payments

Payment will be due at the end of your appointment. I accept cash, Zelle, Cash App, and Venmo. Your \$20 deposit is included in your payment at the time of your service. (For example, if your set is \$100 and you send a \$20 deposit, the total due at your appointment will be \$80.)

Late Policy

I have a **15-minute grace period**. This means if you are not in the door 15 minutes after your scheduled appointment time, you are considered late. A **\$10 late fee** will be added to the total cost of your appointment. If you are 30 minutes late, your appointment will be cancelled and you'll need to reschedule for another day.

If it's 30 minutes past your appointment time and I haven't heard from you at all, you will be filed as a **no-call no-show** and will not be able to book with me again.

When booking any service, it's important to be conscious of not only your time, but your service provider's too. If you come to your appointment 30 minutes late, you are then pushing every client after you back 30 minutes. This can be very stressful for me and annoying for clients as well. Think about how you feel every time your scheduled time gets pushed back. This goes for nail techs, lash artists, hair stylists, etc. We want to be able to give you the best service! Help us not have to rush :)

Rescheduling/Cancellations

All reschedules and cancellations must be done 24 hours prior to your appointment time. If you do this less than 24 hours prior, I do have a **\$10 cancellation fee** that will be added to the total cost of your rescheduled appointment. You may reschedule your appointment **twice** using the same deposit. If I don't hear from you and you don't show up to your appointment, it will be considered a no-call no-show. **You will not be able to book with me after this.**

Squeeze-Ins

If you need an appointment and I don't have any availability on my site for when you need, message and we'll see if we can maybe still work something out! **My squeeze-in fee is \$20.**

Guests

Please do not bring anyone with you to your appointment! Because of covid-19 and other safety concerns, only the client is welcomed in. **Anyone else will not be let inside.**

Fills

After removing all the outgrown lashes, you must have at least **40%** of your extensions left for it to be considered a fill. If you have less, it will be considered a full set and you will be charged as so. It's best to book your fills 2-3 weeks apart to prevent this from happening to you.

Unfortunately, **I do not do foreign fills**. If you have lash extensions on that were done by a different lash tech, you will need a removal and a full set.

Aftercare

Taking care of your lashes after your appointment is essential to your retention and lash health. Here is what you should be doing to maintain the look and health of your lashes:

- Brush and **cleanse them daily** with a lash shampoo. I sell lash shampoo bottles for \$9 and aftercare kits for \$15.
- Try sleeping on your back, lashes tend to snag on your pillowcase and pop off.
- No mascara or eyelash curlers!
- Don't pick or pull at your extensions.
- Avoid excessive heat and steam.
- Stay away from oil-based skincare products.
- Book your fills for every 2-3 weeks.

Service Animals

The ADA explains what businesses and state/local governments must do to make sure that they do not discriminate against a member of the public with a disability who uses a service animal.

Generally, businesses and non-profits that are open to the public as well as state/local governments must allow service animals to go most places where the public can go. This is true even if they have a “no pets” policy.

About Service Animals

Service animals are:

- ✓ Dogs
- ✓ Any breed and any size of dog
- ✓ Trained to perform a task directly related to a person's disability

Service animals are not:

- ⊗ Required to be certified or go through a professional training program
- ⊗ Required to wear a vest or other ID that indicates they're a service dog
- ⊗ Emotional support or comfort dogs, because providing emotional support or comfort is not a task related to a person's disability

More about the difference between emotional support animals and service animals

If the dog's mere presence provides comfort, it is not a service animal under the ADA. But if the dog is trained to perform a task related to a person's disability, it is a service animal under the ADA. For example, if the dog has been trained to sense that an anxiety attack is about to happen and take a specific action to help avoid the attack or lessen its impact, the dog is a service animal.

Examples of Service Animal Tasks

A person who uses a wheelchair may have a dog that is **trained to retrieve objects for them.**

A person with depression may have a dog that is **trained to perform a task to remind them to take their medication.**

A person with PTSD may have a dog that is **trained to lick their hand to alert them to an oncoming panic attack.**

A person who has epilepsy may have a dog that is **trained to detect the onset of a seizure and then help the person remain safe during the seizure.**

Where Service Animals Can Go

Generally, service animals are allowed to be with their person, even in places that don't allow pets. For example, service dogs can go into:

- Restaurants
- Shops
- Hospitals
- Schools
- Hotels

EXAMPLE: A restaurant offers indoor and outdoor seating. A woman arrives at the restaurant with her service dog and asks to sit inside. The restaurant cannot require the woman to dine outside because of her service dog.

The ADA also applies to certain types of housing, including:

- Housing at public and private universities
- Public housing programs run by state, county, and city governments
- Emergency shelters

Other laws apply to housing

The **Fair Housing Act** applies to many types of housing, both public and privately owned, including housing covered by the ADA. Under the Fair Housing Act, there may be different rules that apply when a resident or applicant with a disability uses a service animal or other animal to assist with their disability. The U.S. Department of Housing and Urban Development is responsible for administering the Fair Housing Act. Learn more at the [U.S. Department of Housing and Urban Development](#) or [contact your Regional Fair Housing and Equal Opportunity Office](#).

Other laws apply to airplanes

The Air Carrier Access Act, not the ADA, protects the rights of people with disabilities in air travel. For information or to file a complaint, contact the U.S. Department of Transportation, Aviation Consumer Protection Division: 202-366-2220.

Other rules apply to employment

The Equal Employment Opportunity Commission (EEOC) is responsible for administering the ADA in employment settings.

Asking if a Dog is a Service Animal

If you are working at a business or state/local government facility and it is unclear to you whether someone's dog is a service dog, **you may ask for certain information using two questions.**

You may ask:

- ✔ Is the dog a service animal required because of a disability?
- ✔ What work or task has the dog been trained to perform?

You are *not* allowed to:

- ✘ Request any documentation that the dog is registered, licensed, or certified as a service animal
- ✘ Require that the dog demonstrate its task, or inquire about the nature of the person's disability

Because service animals are not required to wear vests, a dog that is wearing a vest is not necessarily a service animal. The dog still needs to be trained to perform a task for a person with a disability to be a service animal.

When a Service Animal Can Be Kept Out

A business or state/local government does not need to allow a service animal if the dog's presence would fundamentally alter the nature of the goods, services, programs, or activities provided to the public.

What does *fundamentally alter* mean?

In most settings, a service animal will not fundamentally alter the situation. But in some settings, a service dog could change the nature of the service or program. For example, it may be appropriate to keep a service animal out of an operating room or burn unit where the animal's presence could compromise a sterile environment. But in general, service animals cannot be restricted from other areas of the hospital where patients or members of the public can go.

Learn more about when a service animal can be kept out in [questions 23-26 in FAQs about service animals and the ADA.](#)

Asking Someone to Remove Their Service Animal

A business or state/local government can ask someone to remove their service animal if:

- The dog is not housebroken.
- The dog is out of control, and the person cannot get the dog under control.

What does *out of control* mean?

Learn more in [question 27 in FAQs about service animals and the ADA](#).

State and Local Laws

State/local governments can:

- ✔ Require service dogs to be licensed and vaccinated, if all dogs are required to be licensed and vaccinated
- ✔ Offer *voluntary* service dog registration programs

State/local governments can't:

- ✘ Require certification or registration of service dogs
- ✘ Ban a service dog based on its breed

Reason(s) for appearing before the Board:

I was not at work on the day the state board came to my work, my violation is # V3145365. I hadn't been at work for two days prior, I put my stuff away. Sometimes we have to borrow stuff from each other, we work in a nail salon, I'm sorry but there is absolutely no way to not have nail dust on your desk, it's been almost 20 years, I have never been cited, I think it's awful that I couldn't even get a warning! I believe that someone grabbed a drill bit and dust from their glove sprinkled onto my drill box. I clean all of my stuff on my desk before I start all of my clients. I don't think it's fair they he went through my desk when I wasn't even here. He didn't do that to the people that were, I am ~~just~~ simply asking for a warning.

Thank you!

On April 26, 2023 my business was issued a citation for False Advertising. The reason given by the board was that a business card for a laser technician was found in the office. I was never given an explanation or informed this specific citation was extended until I received it by email. The day the inspection happened my advanced esthetician was found performing laser treatment, which is what the law requires. However, this citation was given to me personally (the business owner) I am a certified laser technician who does not practice. The law changed in Nevada. Please disregard this

FIRST OF ALL, I KNOW I AM RESPONSIBLE TO KEEP MY LICENSE CURRENT. I HAVE DONE SO FOR 23 YEARS CONSISTENTLY. IN THE PAST I HAVE ALWAYS RECEIVED NOTIFICATION FROM NV STATE BOARD THAT MY RENEWAL WAS COMING DUE AND ALWAYS COMPLIED. I DID NOT RECEIVE NOTICE THIS YEAR AND DID NOT REALIZE MY LICENSE WAS LATE AS OF MAY, 2023. I TOOK CARE OF THIS THE FOLLOWING DAY. I APOLOGIZE FOR MY OVERSIGHT BUT WOULD ASK THAT MY GOOD PREVIOUS RECORD AS AN ESTHETIAN IN NEVADA WITH 23 YEARS OF COMPLETE COMPLIANCE WILL HAVE YOU RECONSIDER THE \$200 FINE WHICH IS DIFFICULT FOR ME AT THIS TIME. I HAVE PAID THE \$60 FINE LATE FEE ALONG WITH RENEWING FOR 4 YEARS. THE REMINDER NOTICES ARE VERY HELPFUL + ASK THAT YOU CONSIDER RE-INITIATING THAT PRACTICE.

IPL Laser Hair Removal

IPL stands for Intense Pulsed Light technology. IPL hair removal devices apply very gentle pulses of light to the hair root. This makes the hair go into its resting phase; the hair you have falls out, and gradually your body grows less hair in that area. IPL works thanks to a pigment in hair called melanin; the melanin helps the hair absorb the light from the flashes, stimulating it to go into its resting phase. This leaves you with smooth, hair-free skin.

Re: Invoice #V3145971

Dear Board Member(s),

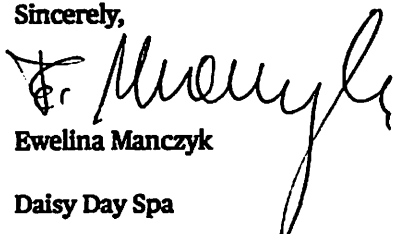

On July 18, 2023 at approximately 2:00pm I received a knock on the door by a man claiming to be a representative of the Nevada State Board of Cosmetology. At the time, there was music playing in my room and I couldn't hear much. My client was receiving a private treatment. It would have been unethical, if not illegal, to open the door and expose my naked female client to an unknown male.

I was cautious to open the door and asked firmly by my client not to open the door. I asked the man to wait about thirty minutes until I was finished with the procedure. We heard a response but could not decipher his message. After that, there was silence. Once I finished the treatment and my client was dressed, I opened the door and nobody was there. There was only a business card left by Stan. The citation I received states that I am in violation NAC644.520 45 "Refusing to allow staff of the Board to perform an inspection." I never refused an inspection. I simply asked an unknown person to wait a short time until it was safe and legal to enter.

I have been in business in this same space for over fifteen years. I have seen a dozen or more visits from state inspectors. Until this time, each inspector has been respectful of my client's privacy. And each time, the inspector has respectfully waited until I was finished with my work. I have never received a violation of any kind.

This citation is ludicrous. It is a violation of privacy. If a meeting with the board is required, my client and attorney wish to attend. Please provide me with the time and date of the hearing.

Sincerely,

Ewelina Manczyk

November 30, 2023

To Members of the Board and Management
Nevada State Board of Cosmetology
8945 W. Russell Rd, Suite 100
Las Vegas, NV 89148

We have audited the financial statements of the governmental activities and major fund of the Nevada State Board of Cosmetology (the “Board”) as of and for the year ended June 30, 2023. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards and *Government Auditing Standards*, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our letter to you dated September 25, 2023. Professional standards also require that we communicate to you the following information related to our audit.

Significant Audit Matters

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by the Board are described in Note 1 to the financial statements. No new accounting policies were adopted during 2023. As described in Note 1 to the financial statements, the Board implemented the new Statement of Governmental Accounting Standards (GASB Statement) No. 96, *Subscription Based Information Technology Arrangements* and adopted a change in accounting policy related to classifying non-negotiable time certificates of deposits to cash and cash equivalents by adopting GASB Statement No. 3 *Deposits with Financial Institutions, Investments (Including Repurchase Agreements), and Reverse Repurchase Agreements*, in 2023. We noted no transactions entered into by the Board during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management’s knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected.

The most sensitive accounting estimates affecting the financial statements were management’s estimate of unearned revenue which is based on the number of licensees and their renewal timelines and management’s estimates of net pension and net other post-employment benefit liabilities and related expenses which are based on actuarial calculations performed at the Nevada Public Employees’ Retirement System and the Nevada Public Employees’ Benefits Program plan levels, respectively. We evaluated the key factors and assumptions used to develop these estimates in determining that they are reasonable in relation to the financial statements taken as a whole.

Certain financial statement disclosures are particularly sensitive because of their significance to financial statement users. The most sensitive disclosures affecting the Board's financial statements relate to pension and OPEB information in Notes 10 and 11.

The financial statement disclosures are neutral, consistent, and clear.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. Management has corrected all such misstatements. The attached listing of journal entries were misstatements noted during our audit, and were corrected by management.

Disagreements with Management

For purposes of this letter, a disagreement with management is a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated November 30, 2023.

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the Board's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the Board's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

Other Matters

We applied certain limited procedures to Management's Discussion and Analysis, Budget and Actual Comparison - Accrual Basis, Schedules of Employer's Share of Net Pension Liability and Net OPEB Liability, and Schedules of Employer Contributions Nevada Public Employees' Retirement System and Nevada Public Employees' Benefits Program, which are required supplementary information (RSI) that supplements the basic financial statements. Our procedures consisted of inquiries of management regarding the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We did not audit the RSI and do not express an opinion or provide any assurance on the RSI.

Restriction on Use

This report is intended solely for the information and use of the governing body and management of the Board and is not intended to be, and should not be, used by anyone other than these specified parties.

Very truly yours,

Casey Neilon

MANAGEMENT'S DISCUSSION AND ANALYSIS
JUNE 30, 2023**

Our discussion and analysis of the Nevada State Board of Cosmetology's (the Board) financial condition and activities for the fiscal year ended June 30, 2023 is presented in conjunction with the audited financial statements.

Financial Highlights

- The Board's net position increased by approximately \$510,227 during the current fiscal year.
- Program revenue for the year was approximately \$3,370,000 representing an approximate \$130,000 increase when compared to fiscal year 2022.
- Overall expenses increased from fiscal year 2022 by approximately \$180,000 primarily due to increases in personnel and operations related expenditures.

Overview of Annual Financial Report

Management's Discussion and Analysis (MD&A) serves as an introduction to, and should be read in conjunction with, the basic audited financial statements and required supplementary information. The MD&A represents management's examination and analysis of the Board's financial condition and performance. Summary financial statement data, key financial and operational indicators used in the Board's strategic plan, budget, and other management tools were used for this analysis.

The Board's financial statements have been prepared in accordance with generally accepted accounting principles as applied to governmental units. The financial statements include a Statement of Net Position and Governmental Fund Balance Sheet, a Statement of Activities and Governmental Fund Revenue, Expenditures and Changes in Fund Balance and Notes to Financial Statements.

The *Statement of Net Position and Governmental Fund Balance Sheet* presents the financial position of the Board on both the modified accrual basis to present the general fund of the Board and the full accrual basis to present the government-wide financial statements. The statement presents information on all of the Board's assets and liabilities, deferred inflows and outflows, with the difference reported as fund balance or net position. Over time, increases and decreases in fund balance or net position are one indicator of whether the financial position of the Board is improving or deteriorating.

While the Statement of Net Position and Governmental Fund Balance Sheet provides information about the nature and amount of resources and obligations as of year-end, the *Statement of Activities and Governmental Fund Revenue, Expenditures and Changes in Fund Balance* presents the results of the activities over the course of the fiscal year and information as to how the net position or fund balance changed during the year. The fund balance changes under the modified accrual method when revenue is received or the expenditure is made, while changes in net position under the full accrual method are recorded as soon as the underlying event giving rise to the change occurs, regardless of the timing of the related cash flows. This statement also provides certain information about the Board's recovery of its costs.

The *Notes to Financial Statements* provide required disclosures and other information that are essential to a full understanding of material data provided in the statements. The notes present information about the Board's accounting policies, significant account balances and activities, material risks, obligations, commitments, contingencies and subsequent events, if any.

The financial statements were prepared from the detailed books and records of the Board. The financial statements were audited and adjusted, if material, during the independent external audit process.

Financial Analysis

The basic financial statements and the required supplementary information serve as the key financial data for management's monitoring and planning. Comments regarding budget-to-actual variances and year-to-year variances are included in the following Results of Operations section.

Financial Condition

The Board's financial condition remains strong as of year-end with adequate liquid assets. The current financial condition and staff capabilities are sufficient to meet anticipated operating expenses.

Results of Operations

Revenues: Revenue received by the Board is primarily generated through licensure to perform cosmetological services or to operate a cosmetological establishment or cosmetology school in the State of Nevada. Total program revenue recognized by the Board in this fiscal year was \$3,373,537 representing a \$133,803 increase from the prior fiscal year. Revenue increased primarily due to an increase in renewal license revenue and fines revenue. Other sources of revenue include interest income. Interest income increased significantly based on the economic environment. When compared to budgeted amounts, overall revenue was within \$71,600 of projected amounts.

Expenses: Total expenses for this fiscal year increased from the prior fiscal year by \$182,477. The increase in expenses is due to increases in personnel and operations related expenses.

Expenditures for board operations for fiscal year 2023 increased from fiscal year 2022 by \$140,249. This is primarily due to an increase in bad debt expense. When compared to budgeted amounts, overall expenses were \$425,638 less than forecasted primarily due to the budgetary expense on the replacement software for the licensing database did not incur in fiscal year 2023.

Final Comments

The Board's general powers, enumerated in NRS 644, are the regulation of the practice of cosmetology as is necessary for the protection of the public. The Board provides direction of its personnel by approval or disapproval of presented concepts during regular meetings. Any concept it adopts becomes a direction to draft regulations that are presented as of workshops and, eventually, public hearings for adoption.

During fiscal year 2021, and continuing through fiscal year 2023, the Board planned the discontinuation of an externally developed proprietary software licensing database and began the planning phase for replacement software. The replacement software, which will be externally developed, will allow for greater efficiency in all aspects of Board operations. This includes faster licensing process times, same-day testing abilities, greater internal and external communication, and online payment options for licensees and students.

The Board continually attempts to refine and improve consumer complaint processing as well as internal management systems. The current revenues and expenditures depict a stable financial environment for the future.

INDEPENDENT AUDITOR'S REPORT

To the Members of the Board
Nevada State Board of Cosmetology

Report on the Audit of the Financial Statements

Opinions

We have audited the accompanying financial statements of the governmental activities and the major fund of the Nevada State Board of Cosmetology (the "Board"), as of and for the year ended June 30, 2023, and the related notes to financial statements, which collectively comprise the Board's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the government activities and the major fund of the Board as of June 30, 2023, and the changes in financial position thereof for the year then ended, in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matter

As described in Note 12 to the financial statements, the Board recorded prior period adjustments to correct the beginning fund balance and net position to report the current portion of lease liability and accrued compensated absences as adjustments to the government-wide statement of net position. This resulted in an increase in fund balance of \$316,344 but no change in net position. Our opinion is not modified with respect to this matter.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Board, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Change in Accounting Principle

As described in Note 1 to the financial statements, in fiscal year 2023, the Board implemented the provisions of GASB Statement No. 3, *Deposits with Financial Institutions, Investments (Including Repurchase Agreements), and Reverse Repurchase Agreements*. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Board ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Board's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Board's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and budgetary comparison information, pension, and other post-employment benefits information on pages 1-4, 30-31, and 32-36, respectively, be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated November 30, 2023, on our consideration of the Board's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Board's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Board's internal control over financial reporting and compliance.

NEVADA STATE BOARD OF COSMETOLOGY
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2023

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Nature of Activities

The Nevada State Board of Cosmetology (the “Board”) is a governmental entity created by an act of the Nevada State Legislature in 1931. The Board’s activities are governed by chapter 644A of the Nevada Revised Statutes (NRS) and Nevada Administrative Code (NAC), as well as by numerous state and Board administrative policies. The Board’s purpose is to protect the health and welfare of the public by examining and licensing qualified applicants, performing sanitary inspections on beauty salons and beauty schools, promulgating regulations for the beauty industry, investigating license disputes, conducting disciplinary hearings, and assessing disciplinary action. Revenues are generated from licensees in the State of Nevada.

The financial statements of the Board have been prepared in accordance with generally accepted accounting principles as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The following is a summary of the more significant policies.

Reporting Entity

Effective July 1, 2001, Chapter 353 of the Nevada Revised Statutes (NRS) was amended to exempt certain professional and occupational boards from the State Budget Act and the provisions governing the administration of state funding. The provisions of Chapter 353 do not apply to boards created pursuant to chapters 623 and 625A, inclusive, 628, 630 to 644A, inclusive, 648, 654 and 656 of the NRS and the officers and employees thereof. Accordingly, the Board’s budgeting and accounting practices and procedures have been removed from the oversight of the Department of Administration.

The Board’s financial statements are not included in the general-purpose financial statements of the State of Nevada. The financial records are independently maintained and annually provided to the executive and legislative branch of state government. This is in conformance with GASB Codification Section 2100, *Defining the Financial Reporting Entity*.

Basis of Presentation

The Board is defined as a single-program special-purpose entity under the GASB Statement No.14, paragraph 131 as amended by GASB Statement No. 39. This classification allows for the preparation of GASB Statement No. 34 financial statements, as amended by GASB Statement No. 63, under an optional reporting method, which combines the fund and government-wide statements into a single presentation. Under this methodology, the government-wide statement of net position and statement of activities are presented independently from the respective fund balance sheet and statement of revenues, expenditures and fund balance. A reconciliation of adjustments provided on the modified financial statements demonstrates the changes from the fund financial statements to the government-wide financial statements in order to assist the reader in evaluating these statements. The Board has utilized this optional method of presentation.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Basis of Accounting

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenue is recognized as soon as it is both measurable and available. "Measurable" means the amount of the transaction can be determined and "available" means collectible within the current period or soon enough thereafter to pay liabilities of the current period. The Board defines available as funds received within 60 days after year-end. Expenditures are generally recorded when a liability is incurred, as under accrual accounting. Long-term liabilities and expenditures are recognized to the extent that the liabilities mature (come due for payment) each period.

Budget Data

The Board prepares an annual budget. The budget is prepared on a basis similar to generally accepted accounting principles under the full accrual basis of accounting. All annual appropriations lapse as of fiscal year-end.

Cash and Cash Equivalents

Cash is maintained in one commercial bank in Nevada. The Board participates in the State of Nevada collateralization program to assure that funds deposited are protected.

GASB has established three levels of custodial risk for cash and cash equivalents:

- Category 1: Insured or collateralized with securities held by the entity or by its agent in the Board's name.
- Category 2: Collateralized with securities held by the pledging financial institution's trust department or agent in the Board's name.
- Category 3: Uncollateralized.

Cash and cash equivalent also consists of time certificates of deposit, which are stated at fair value. The net increase (decrease) in the fair value of the investments is the difference between the cost (if purchased during the fiscal year) or the fair value of the investments at the beginning of the year, and the fair value of the investments at the end of the year. Changes in fair value of the certificates are reflected, together with interest income, as investment income in the accompanying financial statements. The Board's certificates are held in its name and it participates in the State of Nevada collateralization program to assure that funds deposited are protected. By statute, all cash must be deposited in entities that are located in the state of Nevada.

Accounts Receivable

For the governmental fund financial statements, the accounts receivable represents fees and fines collected within 60 days subsequent to year-end that are an available resource for the current year. For the government-wide financial statements the accounts receivable represents fees and fines due as of year-end. The Board uses the accounts receivable aging method to estimate uncollectible accounts.

NEVADA STATE BOARD OF COSMETOLOGY
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2023

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Capital Assets

Capital assets, which include furniture, fixtures, and equipment are reported in the government-wide financial statements. Capital assets are defined by the Board as assets with an initial, individual cost of \$500 or greater and an estimated useful life of at least one year. Such assets are recorded at historical cost. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend asset lives are not capitalized. Capital assets are depreciated using the straight-line method over 3 to 20 years. Under the modified accrual basis of accounting, capital asset acquisitions are considered expenditures in the year purchased.

Compensated Absences

Compensated absences are accounted for in accordance with GASB Statement No. 16, *Accounting for Compensated Absences*, which requires that a liability for compensated absences relating to services already rendered and that are not contingent on a specified event be accounted for in the period those services are rendered or those events take place. The Board policy permits employees to accumulate earned but unused comp time, vacation and sick benefits subject to certain limitations on hours based on years of service. The sick time paid upon termination is limited to certain payout requirements and has hereby been reflected in the accompanying financial statements based upon these limitations. For the general fund, only the portion of the compensated absences available to be paid from available resources, within 60 days following year-end, are reflected as a liability, if applicable. The full liability is reflected in the government-wide financial statements.

Unearned Revenue

The Board administers its licensing registration based on a system whereby a licensee's renewal date is based upon the second or fourth anniversary of the licensee's date of birth nearest the date of issuance. Unearned revenue represents receipts from the renewals of licenses and the registration of new licenses and is recognized ratably over an elective license period of either 2 or 4 years.

Pensions

For purposes of measuring the net pension liability, related deferred outflows of resources, deferred inflows of resources and pension expense, information about the fiduciary net position of the Public Employees' Retirement System of Nevada (PERS) and additions to/deductions from PERS's fiduciary net position have been determined on the same basis as they are reported by PERS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

Postemployment Benefits Other Than Pensions (OPEB)

For purposes of measuring the net OPEB liability, related deferred outflows of resources and deferred inflows of resources related to OPEB, and OPEB expense, information about the fiduciary net position of the Self Insurance Trust Fund, Public Employees' Benefits Program (PEBP) and additions to/deductions from PEBP's fiduciary net position have been determined on the same basis as they are reported by PEBP. For this purpose, PEBP recognizes benefit payments when due and payable in accordance with the benefit terms. PEBP's cash and cash equivalents consist of short-term, highly liquid investments that are both (a) readily convertible to known amounts of cash and (b) so near to maturity that they present insignificant risk of changes in value due to changing interest rates.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Deferred Outflows and Inflows of Resources

In addition to assets, a separate section is reported for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period and will not be recognized as an outflow of resources (expense/expenditure) until then.

In addition to liabilities, a separate section is reported for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period and will not be recognized as an inflow of resources (revenue) until that time.

Fund Balance

Under NRS 644A.245, the general fund of the Board is used to account for the proceeds of specific revenue sources that are legally restricted to expenditures to be used solely for the Board's benefit. According to the NRS, any money deposited to Board does not revert to the State of Nevada's general fund. The net assets of the Board's general fund are restricted solely to be used by the Board to meet its obligation of licensing and regulating the practice of cosmetology in the State of Nevada.

As defined in GASB Statement No. 54, in the governmental fund financial statement, fund balances are classified as follows:

- Nonspendable - represents amounts that are either not in a spendable form or are legally or contractually required to remain intact.
- Restricted - amounts that can be used only for specific purposes due to (a) constitutional provisions or enabling legislation or (b) externally imposed constraints.
- Committed - amounts that can be used only for specific purposes due to a formal action of the governing body.
- Assigned - amounts intended to be used for specific purposes that do not meet the criteria to be classified as restricted or committed.
- Unassigned - represents all amounts not included in other classifications.

The Board's prepaid expenses are amounts that are not available for appropriation, and therefore are reported as nonspendable. The Board does not operate with restricted or committed fund balances; therefore, no policies have been developed. The assigned fund balance, if any, consists of amounts that are constrained by the Board's intent to be used for a specific purpose. As the remainder of the Board's funds do not meet the criteria of restricted, committed, or assigned funds, the Board's funds are presented as unassigned.

The Board has established a Board-Designated Operating Reserve Fund Policy (Policy). The Policy sets aside reserve funds in time certificates of deposit accounts. The funds are used for operational overhead expenses in the event of an unforeseen emergency or for nonrecurring expenses to enhance operations. Annually, the Board reviews the reserve funds for adjustment or replenishment. As the reserve funds are maintained in the general fund, the fund balance is presented as unassigned. The balance of the reserve funds in the time certificates of deposit accounts is \$1,243,708 as of June 30, 2023.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Fund Balance (Continued)

Although no formal policies have been adopted, when expenses are incurred that could release committed, assigned and unassigned balances, the Board considers the expenses to be applied first to committed balances, second to assigned balances, and lastly to unassigned balances.

Net Position

Net assets in the government-wide financial statements, which in aggregate represent the net position of the Board, are classified as invested in capital assets and right-of-use assets, net of related debt, restricted and unrestricted. Restricted net assets represent constraints on resources that are either externally imposed by creditors, grantors, contributors, or laws or regulations of other governments or imposed by law through state statute.

The Board's policy is to first apply restricted net position when an expenditure is incurred for purposes for which both restricted and unrestricted net position are available.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Change in Accounting Policy

During fiscal year 2023, the Board changed its classification on the non-negotiable time certificates of deposits from investments to cash and cash equivalents. The Board believes the classification closely reflects the nature of the time certificates of deposits the Board holds, and conforms more closely with GASB Statement No. 3, *Deposits with Financial Institutions, Investments (Including Repurchase Agreements), and Reverse Repurchase Agreements*, and prevalent practice in similar boards. The effect of the change only impacts the presentation and disclosure of the time certificates of deposit it does not have an impact on net position.

New Accounting Pronouncements

During the year ended June 30, 2023, the Board implemented the provisions of GASB Statement No. 96, *Subscription Based Information Technology Arrangements*. The objective of this statement is to better meet the information needs of financial statement users by improving accounting and financial reporting for subscriptions of technology that carries a right to use the underlying assets. This statement increases the usefulness of the Board's financial statement for users by requiring recognition of certain subscription assets and liabilities similar to operating leases under GASB Statement No. 87, *Under this statement the organization was not required to recognize a right-of-use asset and subscription liability*.

Subsequent Events

Subsequent events have been evaluated through November 30, 2023, which is the date the financial statements were available to be issued.

Subsequent Events (Continued)

The 2023 Nevada Legislature passed Senate Bill 431. Section 19 of Senate Bill 431 (“SB 431”) created the Office of Nevada Boards, Commissions and Councils Standards within the Department of Business and Industry. The Board is under the purview of the Office of Nevada Boards, Commissions and Councils as provided in Section 20(2)(a) of SB 431. Pursuant to Section 147, Sections 19 and 20 of SB 431 became effective July 1, 2023. The implications of SB 431 on the Board’s operations and reporting structure are not known at this time.

NOTE 2. COMPLIANCE WITH NEVADA REVISED STATUTES AND NEVADA ADMINISTRATIVE CODE

The Board conformed to all significant statutory constraints on its financial administration during the fiscal year.

NOTE 3. DEPOSITS WITH FINANCIAL INSTITUTIONS

By statute, all cash must be deposited in entities located in the state of Nevada. The Board maintains its cash and time certificates of deposit at one financial institution located in the state of Nevada.

Of the total cash and time certificates of deposit balance of \$3,464,432 held by this institution as of June 30, 2023, \$250,000 was insured by the Federal Deposit Insurance Corporation (FDIC) and the balance of \$3,214,432 was collateralized with securities held by the State of Nevada Pooled Collateral program.

Credit risk is the risk that an issuer will not fulfill its obligations. The Board does not have specific investment policy to address the credit risk to which the Board is exposed.

Custodial credit risk is the risk that the Board may not be able to recover the value of the investments that are in the possession of an outside party. Concentration risk is the risk of loss attributed to one issuer. The Board participates in the State of Nevada Pooled Collateralization program to reduce associated risks.

Interest rate risk is the risk that changes in interest rates will adversely affect the fair market value of an investment. As of June 30, 2023, the Board has limited interest rate risk.

Foreign currency risk is the risk that changes in exchange rates will adversely affect the fair market value of an investment. The Board does not have any foreign currency risk as the Board’s policy limits the investments to within the United States.

NOTE 4. FAIR VALUE

The following are quantitative disclosures about the fair value measurements of assets. Fair value measurements are categorized on three levels:

Level 1 inputs are quoted market prices in active markets for identical assets.

Level 2 inputs are inputs other than quoted prices within Level 1; for example, quoted prices for similar assets.

Level 3 inputs are unobservable inputs for the assets.

The Board's only assets valued at fair value are its cash and cash equivalents. The Board holds all of its cash and cash equivalents, including time certificates of deposits at June 30, 2023 as follows:

	Level 1	Total
Cash and cash equivalents	\$ 3,464,982	\$ 3,464,982

NOTE 5. ACCOUNTS RECEIVABLE

Accounts receivables as of June 30, 2023 represents uncollected fines. Accounts receivable are stated at the amount management expects to collect from outstanding balances. The Board's policy is to charge off uncollectible accounts receivable when management determines the receivable will not be collected. The allowance for uncollectible receivables was \$286,449 as of June 30, 2023.

NOTE 6. CAPITAL ASSETS

The capital asset activity during the year ended June 30, 2023 is as follows:

	\$ 131,535	\$ (13,752)	\$ -	\$ 117,783

NOTE 7. LEASES

The Board leases office space and equipment in Las Vegas and Reno, Nevada. The lease agreements are renewable and have expiration dates ranging from June 2024 through February 2030. For the year ended June 30, 2023, the base monthly rental payments ranged between \$93 and \$10,000, with annual escalating rent payments for the office spaces.

In accordance with GASB Statement No. 87, *Leases*, the lease receivable is initially measured at the net present value of the future minimum lease payments expected to be received. As there were no interest rates stated in any of the leases at the time of initial measurement, the leases were discounted using an incremental borrowing rate equal to the treasury rates that coincide with the length of the leases, as reported by the Wall Street Journal to discount the annual lease payments to recognize the intangible right to use assets and the lease liabilities as of June 30, 2023.

NOTE 10. PENSION

General Information about the Pension Plan

Plan Description

Public Employees' Retirement System of Nevada (PERS) (the System) administers a cost-sharing, multiple-employer, defined benefit pension plan. The System was established by the Nevada Legislature in 1947, effective July 1, 1948. The System is administered to provide a reasonable base income to qualified employees who have been employed by a public employer and whose earning capacities have been removed or substantially impaired by age or disability.

Benefits Provided

Benefits, as required by the NRS, are determined by the number of years of accredited service at time of retirement and the member's highest average compensation in any 36 consecutive months with special provisions for members entering the System on or after January 1, 2010, and July 1, 2015. Benefit payments to which participants or their beneficiaries may be entitled under the plan include pension benefits, disability benefits, and survivor benefits.

Monthly benefit allowances for members are computed as 2.50% of average compensation for each accredited year of service prior to July 1, 2001. For service earned on and after July 1, 2001, this service time factor is 2.67% of average compensation. For members entering the System on or after January 1, 2010, there is a 2.50% service time factor and for Regular members entering the System on or after July 1, 2015, there is a 2.25% service time factor. The System offers several alternatives to the unmodified service retirement allowance which, in general, allow the retired employee to accept a reduced service retirement allowance payable monthly during his or her lifetime and various optional monthly payments to a named beneficiary after his or her death.

Post-retirement increases are provided by authority of NRS 286.575-286.579.

Vesting

Regular members entering the System prior to January 1, 2010, are eligible for retirement at age 65 with 5 years of service, at age 60 with 10 years of service, or at any age with 30 years of service. Regular members entering the System on or after January 1, 2010, are eligible for retirement at age 65 with 5 years of service, or age 62 with 10 years of service, or any age with 30 years of service. Regular members who entered the System on or after July 1, 2015, are eligible for retirement as of age 65 with 5 years of service, or at age 62 with 10 years of service, or at age 55 with 30 years of service, or any age with 33 1/3 years of service.

The normal ceiling limitation on monthly benefits allowances is 75% of average compensation. However, a member who has an effective date of membership before July 1, 1985, is entitled to a benefit of up to 90% of average compensation. Regular members become fully vested as to benefits upon completion of 5 years of service.

NOTE 10. PENSION (CONTINUED)

Contributions

The authority for establishing and amending the obligation to make contributions and member contribution rates is set by statute. New hires, in agencies which did not elect the Employer-Pay Contribution (EPC) plan prior to July 1, 1983 have the option of selecting one of two contribution plans. In one plan, contributions are shared equally by employer and employee. In the other plan, employees can take a reduced salary and have contributions made by the employer. The System's basic funding policy provides for periodic contributions at a level pattern of cost as a percentage of salary throughout an employee's working lifetime in order to accumulate sufficient assets to pay benefits when due.

The System receives an actuarial valuation on an annual basis indicating the contribution rates required to fund the System on an actuarial reserve basis. Contributions made are in accordance with the required rates established by the Nevada Legislature. These statutory rates are increased/decreased pursuant to NRS 286.421 and 286.450.

The actuarial funding method used is the Entry Age Normal Cost Method. It is intended to meet the funding objective and result in a relatively long-term contributions requirement as a percentage of salary.

For the fiscal year ended June 30, 2022, the statutory Employer/Employee matching rate was 15.50% and the EPC rate was 29.75% for Regular members.

Investment Policy

The System's policies which determine the investment portfolio target asset allocation are established by the Retirement Board. The asset allocation is reviewed annually and is designed to meet the future risk and return needs of the System.

The following was the Retirement Board's adopted policy target asset allocation as of June 30, 2022:

Asset Class	Target Allocation	Long-Term Geometric Expected Real Rate of Return*
Domestic stocks	42%	5.50%
International stocks	18%	5.50%
U.S. bonds	28%	0.75%
Private markets	12%	6.65%

*As of June 30, 2022, PERS' long-term inflation assumption was 2.50%.

NOTE 10. PENSION (CONTINUED)

Net Pension Liability

As of June 30, 2023, the Board reported a liability of \$2,814,506 for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2022, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The Board's proportion of the net pension liability was based on total contributions due on wages paid during the measurement period. Each employer's proportion of the net pension liability is based on their combined employer and member contributions relative to the total combined employer and member contributions for all employers for the period ended June 30, 2022. As of June 30, 2023, the Board's proportion was 0.01559%.

Pension Liability Discount Rate Sensitivity

The following presents the Board's proportionate share of net pension liability of the System as of June 30, 2022, calculated using the discount rate of 7.25%, as well as what the System net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (6.25%) or 1-percentage-point higher (8.25%) than the current discount rate:

	1% Decrease in Discount Rate 6.25%	Discount Rate 7.25%	1% Increase in Discount Rate 8.25%
Board's proportionate share of the net pension liability	\$ 4,321,187	\$ 2,814,506	\$ 1,571,268

Actuarial Assumptions

The System's net pension liability was measured as of June 30, 2022, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The total pension liability was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation rate	2.50%
Investment rate of return	7.25%
Productivity pay increase	0.50%
Projected salary increases	Regular: 4.20% to 9.10%, depending on service Rates include inflation and productivity increases
Other assumptions	Same as those used in the June 30, 2022 funding actuarial valuation

Actuarial assumptions used in the June 30, 2022 valuation were based on the results of the experience study for the period of July 1, 2016 through June 30, 2020.

NEVADA STATE BOARD OF COSMETOLOGY
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2023

NOTE 10. PENSION (CONTINUED)

The discount rate used to measure the total pension liability was 7.25% as of June 30, 2022. The projection of cash flows used to determine the discount rate assumed plan contributions will be made in amounts consistent with statutory provisions and recognizing the plan's current funding policy and cost-sharing mechanism between employers and members. For this purpose, all contributions that are intended to fund benefits for all plan members and their beneficiaries are included, except that projected contributions that are intended to fund the service costs for future plan members and their beneficiaries are not included.

Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments for current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability as of June 30, 2022.

Pension Expense, Deferred Outflows and Inflows of Resources Related to Pensions

For the year ended June 30, 2023, the Board recognized pension expense of \$331,446. Amounts totaling \$166,334 resulting from Board contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended June 30, 2023. As of June 30, 2023, the Board reported deferred outflows of resources and deferred inflows of resources related to pension from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources

NOTE 11. OTHER POST-EMPLOYMENT BENEFITS (OPEB)

Plan Description

Employees of the Board are provided with OPEB through the Self Insurance Trust Fund, Public Employees' Benefits Program (PEBP) - a cost-sharing, multiple employer defined benefit OPEB plan administered by the Public Employees' Benefits Program Board (PEBP Board) which was created in 1983 by the Nevada Legislature to administer group health, life and disability insurance for covered employees, both active and retired, of the State of Nevada (State), and certain other participating public employers within the State. PEBP does not provide for refunds of employee contributions. The Self Insurance Trust Fund issues a publicly available financial report that can be obtained at <https://pebp.state.nv.us/resources/fiscal-utilization-reports/>. The Board is reporting plan information consistently with the PEBP's accounting methods and assumptions as disclosed in the annual report. No information has come to our attention that indicates significant changes to the plan's disclosures.

Per NRS 287 contribution requirements of the participating entities and covered employees are established and may be amended by the PEBP Board. The Boards' contractually required contribution for the year ended June 30, 2023 was \$33,635, actuarially determined as an amount that is expected to finance the costs of benefits earned by employees during the year. Employees are not required to contribute to the OPEB plan.

OPEB Liabilities, OPEB Expense, and Deferred Outflows and Inflows of Resources Related to OPEB

As of June 30, 2023, the Board reported a liability of \$898,495 for its proportionate share of the net OPEB liability. The net OPEB liability was measured as of June 30, 2022, and the total OPEB liability used to calculate the net OPEB liability was determined by an actuarial valuation as of that date. The Board's proportion of the net OPEB liability was based on the Board's share of covered payroll in the OPEB plan relative to the covered payroll of all participating OPEB employers. As of June 30, 2023, the Board's proportion was 0.0623%.

For the year ended June 30, 2023, the Board recognized OPEB expense (income) of \$(92,314). As of June 30, 2023, the Board reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
	<u> </u>	<u> </u>
Difference between expected and actual liability experience	\$ -	\$ 29,919

Actuarial Assumptions

The total OPEB liability in the June 30, 2022 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement, unless otherwise specified:

Inflation rate	2.50%
Salary increases	Regular: 4.20% to 9.10%, depending on service
Investment rate of return	2.50%
Healthcare cost trend rates	4.80% for 2023, see report for additional years

Healthy mortality rates were based on the Pub-2010 General Healthy Retiree Headcount-Weighted Above-Median Mortality Table, projected generationally with the two-dimensional mortality improvement scale by MP-2020 for regular members. Disabled mortality rates were based on the Pub-2010 Non-Safety Disabled Retiree Headcount-Weighted Mortality Table, projected generationally with the two-dimensional mortality improvement scale by MP-2020 for regular members.

The non-health actuarial assumptions used in the June 30, 2023 valuation were based on the State of Nevada PERS Actuarial Experience Study as of June 30, 2020, dated September 10, 2021. The valuation date was changed from January 1 to June 30, mostly so the actuary could leverage June 30, 2022 PERS census data. The actuary would not expect the change to the valuation date to have a significant impact on the valuation of results.

Additional detail regarding the actuarial assumptions as of June 30, 2022 are provided in the "Actuarial Assumptions and Actuarial Cost Method" section of the June 30, 2023 report provided by the PEBP Board.

Discount Rate

The discount rate basis under GASB Statement No. 75 is required to be based on a yield or index rate for 20-year, tax-exempt general obligation municipal bonds with an average rating of AA/Aa or higher. The Bond Buyer 20-Bond GO Index rate published closest to, but not later than the measurement date of June 30, 2022 is used for the determination of the discount rate. The discount rates as of the measurement date of June 30, 2022 was 3.54%.

Sensitivity of the Board's Proportionate Share of the Net OPEB Liability to Changes in the Discount Rate

The following presents the Board's proportionate share of the net OPEB liability, as well as the amount the Board's proportionate share of the net OPEB liability would be if it were calculated using a discount rate that is 1-percentage-point lower or 1-percentage-point higher than the current discount rate:

	<u>1% Decrease</u>	<u>Current Rate</u>	<u>1% Increase</u>
Net OPEB liability	\$ 988,022	\$ 898,495	\$ 820,986

Sensitivity of the Board's Proportionate Share of the Net OPEB Liability to Changes in the Healthcare Cost Trend Rates

The following presents the Board's proportionate share of the net OPEB liability, as well as the amount the Board's proportionate share of the net OPEB liability would be if it were calculated using a healthcare cost rate that is 1-percentage-point lower or 1-percentage-point higher than the current healthcare cost rate:

	<u>1% Decrease</u>	<u>Trend Rate</u>	<u>1% Increase</u>
Net OPEB liability	\$ 855,056	\$ 898,495	\$ 948,238

OPEB Plan Fiduciary Net Position

Detailed information about the OPEB plan's fiduciary net position is available in the separately issued PEBP financial report.

NOTE 12. PRIOR YEAR ADJUSTMENT AND RECLASSIFICATIONS

Reclassifications between the fund balance and net position have been made to account for the current portions of the lease liability and accrued compensated absences in the prior year that were reported as liabilities in the general fund rather than the government-wide statement of net position as required by GASB Statement No. 34. The amount reclassified for the current portions of accrued compensated absences and lease liability were \$160,297 and \$156,047, respectively.

Additionally, certain reclassifications have been made to the 2022 financial statements to conform to the 2023 presentation.

NOTE 13. SIGNIFICANT ESTIMATES

The Board recognizes significant unearned revenues as it relates to cash receipts received from constituents for licensing fees. Due to the complexity of the licensing cycle, the valuation of unearned revenue is considered a significant estimate. The amount recognized as unearned revenue is based on the license type, date of birth of the licensee, and the license term elected by the constituent.

The Board recognizes its proportionate share of net pension liability as it relates to its employees' participation in the PERS program (Note 10). This significant estimate is based on actuarial inputs which could be subject to revision in future periods.

The Board recognizes its proportionate share of net OPEB liability as it relates to its employees' participation in the PEBP program (Note 11). This significant estimate is based on actuarial inputs which could be subject to revision in future periods.

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL
REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF
FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING
STANDARDS***

To the Members of the Board
Nevada State Board of Cosmetology

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities and the major fund of Nevada State Board of Cosmetology (the "Board"), as of and for the year ended June 30, 2023, and the related notes to the financial statements, which collectively comprise the Board's basic financial statements, and have issued our report thereon dated November 30, 2023.

Report on Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Board's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Board's internal control. Accordingly, we do not express an opinion on the effectiveness of the Board's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements, on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. We identified certain deficiencies in internal control, described in the accompanying schedule of findings and questioned costs as item 2023-001 that we consider to be significant deficiencies.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Board's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

The Board's Response to Findings

Government Auditing Standards requires the auditor to perform limited procedures on the Board's response to the findings identified in our audit and described in the accompanying schedule of findings and questioned costs. The Board's response was not subjected to the other auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on the response

Purpose of This Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**NEVADA STATE BOARD OF COSMETOLOGY
SCHEDULE OF FINDINGS AND QUESTIONED COSTS
FOR THE YEAR ENDED JUNE 30, 2023**

2023-001: Financial Reporting – Significant Deficiency

Criteria: Management is responsible for establishing and maintaining an effective system of internal control over financial reporting. One of the key components of an effective system of internal control over financial reporting is having the capability to prepare full disclosure financial statements in accordance with generally accepted accounting principles (GAAP).

Condition: As auditors, we assisted in the preparation of the financial statements including posting government-wide journal entries. The opening balances for the general fund included governmental activities in error resulting in the financial statements not being fairly presented for the fiscal year 2022. The previous Board incorrectly presented full disclosure financial statements that may not have been in accordance with GAAP and governmental accounting standards.

Cause: Due to a misclassification of some accounts, the financial statements for fiscal year 2022 were improperly classified in the Board's financial statements in accordance with GAAP and governmental accounting standards.

Effect: Financial information prepared by the Board may not comply with generally accepted accounting principles and GASB standards.

Recommendation: We recommend the Board implement procedures to make sure that the audited financial statements are thoroughly reviewed before approval and submission to the Board of Directors and the public.

Views of Responsible

Officials: The Board Executives agrees with the finding and the above recommendation. The error found is limited to the beginning balances of two accounts that were approved by the previous Board Executives. The error was corrected and discussed with our current auditors. There were no material adjustments and findings on the general fund during the course of the fiscal year 2023 audit.
