During the July 11, 2022, Board meeting, the Board voted to approve Ms. Rodriguez's petition as it relates to a variance to NAC 644A.600 but denied her petition as it relates to NAC 644A.630. The Board had previously allowed for Ms. Rodriguez to enroll not more than 6 students in each program of cosmetology. At this meeting, the Board voted to allow Ms. Rodriguez to enroll no more than 24 students in her school and removed the limit of 6 students per program. The Board also made specific mention that PILs are not included in that 24 student count. To Whom it May Concern;

I became an addict at the age of just 12, and because I started making such terrible decisions so early, no matter how hard I tried, I just couldn't make anything good of myself. I dropped out of school in 9th grade, and at 17 I got my GED & enough college credits to join the Navy. I only made it one month in boot camp before I decided it was too much & dropped out of that as well. Next I tried phlebotomy school. I did amazing on paper, was an A student until it came to sticking people. I got scared & quit that, too. I was always on the verge of doing something great with myself, but never had the confidence to ~~do~~ push through anything that got hard because nobody, including myself, expected ~~anything~~ me to amount to much. I had never really been anything more than a junkie, and we all knew it. When I finally made the worst decision of them all & ended up with a 11yr to life sentence, it never crossed my mind that I was finally about to start living.

It took a few years for me to realize I was being given a chance to start over, but the realization was like being set free. I

EXPERTISE COSMETOLOGY INSTITUTE
ADMISSION FORM

NAME: Winn Erica Ann menyon

PROGRAM OF INTEREST: COSMETOLOGY CAMPUS: STELLA LAKE: NLV:

HOW DID YOU HEAR OF EXPERTISE?

RADIO TELEVISION REFERRAL OTHER _____

My name is Eneka Winn. Since my childhood I have always had an immense passion & love to participate in the beautification of others as a cosmetologist. I cannot express enough how grateful I am to be blessed with the opportunity to be a part of such an inspirational, empowering program even with my circumstances. However I am a firm believer that it is not your circumstances that matter but how you view your circumstances that is important.

During my incarceration I have had an abundance of time to reflect on my life and the choices I made to put myself in this unfortunate predicament. Even though I cannot change my situation, I can & have changed my mindset which has tremendously aided & both my mental & spiritual growth. Through the grace of God, my hard work & perseverance, I acquired a new attitude, developed & fostered a core set of values, beliefs & goals that are essential to my recipe for growth & success.

Due to my keen awareness, acceptance, ownership & profound understanding of my many bad life choices & mistakes, I have been able to change & fortify my mindset which has allowed me to perceive my life from a completely different perspective and appreciate my predicament. With that being said, I plan to use this privileged opportunity to not only enhance my life but as a platform for a flourishing beginning to a successful career in Cosmetology.

HOW DID YOU HEAR OF EXPERTISE?

RADIO TELEVISION REFERRAL OTHER word of mouth

To whom it may concern,

I am extremely grateful and appreciate the opportunity to become a licensed cosmetologist.

Becoming a licensed cosmetologist will truly change my life. I have spent the last seven years attempting to find a path that will allow me to prove to my family, and society as a whole that I am able to rise above the horrible circumstance I put myself in.

My life was completely derailed by a very bad decision that spiraled out of control. I never could have guessed that I would spend this many years incarcerated.

I am the first person in my family to graduate high school and college. I had plans to continue to excel and then I put myself in the wrong place at the wrong time. I continue to look for the light in this very dark place.

Living in a prison during covid was extremely difficult. I became more aware that time, no matter where we are, is precious. I prefer to spend my remaining years at FIMWCC effectively pursuing a future that will be fulfilling. A cosmetology license would open doors for many different career paths. Given this opportunity, I am confident that I will be able to provide a great life for

HOW DID YOU HEAR OF EXPERTISE?

RADIO TELEVISION REFERRAL OTHER _____

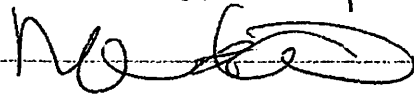

TO WHOM THIS MAY CONCERN;

My name is Melanie Costantini. I am 31 years old and I was arrested in 2011 at the age of 20 for 2nd degree murder and robbery. I was young minded trying to live an adult life, making decisions based on how it could prove my love and loyalty to a man that only cared about how to beat the system and what would benefit him. I have given up 11 years of my life and have missed out on my 13 yr old daughter's childhood.

My decision to enroll in the cosmetology program at FVINCC was based on the fact that I want to make something of myself and give my daughter a reason to be proud of me and the fact that I am her mother.

I plan to take my license and utilize it by, first working from the ground up and making others feel and look beautiful, and then hopefully work on creating a line of products for women and girls of mixed ethnicities. My daughter is half african american and has such a hard time finding products for her specific hair type. So, I intend to further my education once received and focus on that. I sincerely appreciate this opportunity that has been given^r me and can not wait to learn a new trade and make a positive and successful life for myself.

With all due respect,

Melanie Costantini

re: cosmology

My name is Melanie Ochs. In my previous life, I was a kindergarten teacher. Now, I'm in prison for first degree murder. As an ex-felon, I will no longer be able to teach children.

The opportunity to become a licensed cosmetologist means I can go back to the community with a new, useful skill. I will be able to find work anywhere. I will be able to pay my bills. I will be able to set up my own business, work for myself, and live well. I am so grateful that this opportunity has been made available to me! I hope to excel in my studies and be able to become an instructor. I would love to help others on their cosmological journey.

Felony Application Review

Appeal a Violation (include violation number(s))

Reason(s) for appearing before the Board:

A student (Ronna Robina) who was my previous assistant has falsely forged my advanced 75 hour laser course certification which caused me to not be able to teach the class. She had forged my signature as well as my medical directors signature to license herself. She had access to my certifications because she would print them out for me during the time I was working with her but she had never attended my class due to the fact that I knew she was not a licensed esthetician or cosmetologist. I will be taking legal actions outside the cosmetology board as well and can show proof.

Pursuant to NAC 644A.870, grounds for disciplinary action Include providing false information to the Board. By signing below you're certifying that the Information you provided in connection with this form Is true and correct to the best of your knowledge.

Supporting Documents for Halo Beauty By Joy

Joy Talagtag

Good Morning Lauren,

I have attached copy of text messages on this email between me and Ronna Robina as supporting documents for the meeting. The text messages shows that Ronna was able to log on the online course only as an admin to help me find discrepancies for the online course to verify that everything is working properly on her end. There are text messages also when I had text her a copy of the certification of completion of the students to only print out. There is also a copy of when I had signed the lease and when I had ended the lease and parted ways with her (I eventually leaving early and moved to EYE GLAM YOU SALON the beginning of November and have not been in contact with her since.) Also I have texted her to not come in the room while we were holding the class because she would often come in the room to take photos and videos for marketing purposes.

Thank You,
Joy Talagtag

My name is Samantha-Rose Lee, Nurse Practitioner, Certified Aesthetic Nurse Specialist and current Medical Director of Halo Beauty by Joy. It has come to my attention that an unauthorized use of my signature has occurred. It was found on a certificate of completion for the institution awarded to a person who was not a student, has never registered as a student and never actually completed any portion of the curriculum offered at the said institution.

Under normal circumstances, the roster of enrolling students is sent to me. When the students have successfully completed the course, a certificate of completion would be awarded to them. I am informed by the educator and course director with the list of students that have successfully completed the course and will be receiving the certificate of completion. It is then that I authorize my signature on those certificates. This process ensures that only students who have properly registered and completed their education at this institution are awarded verifiable certificates.

As I was informed, the individual in question, Ronna Robina, obtained a certificate unlawfully and does not appear in any communication to me as a student nor appear on any roster of Halo Beauty by Joy. Although I have met Ronna as a former administrative assistant of Halo Beauty by Joy, it was not as a student of the institution, and she has not been in collaboration with me since October 2022.

I can be reached with any questions or clarifications at _____ during normal business hours or at _____. I would also appreciate to be updated on this issue as I plan to file a formal complaint to your office about this matter.

Sincerely,

Samantha-Rose Lee, APRN, FNP-BC, CANS

Reason(s) for appearing before the Board:

4/5/2023: I went into the office to renew my establishment license and got rejected because the girl told me I needed a salon license to practice wax even though I have an esthetician license to do so. I had to leave to pick up my daughter from school. So I left and applied online instead.

1/11/2023: Therefore I did it again along to apply and paid for it and even was deducted from my bank account of \$25. It waited for a couple of weeks thought my license is in the mail, but I got no notification of post mail, via e-mail, or phone calls.

1/25 A surprise inspector Dana Shows up at my shop told me that I got fine for an expired establishment license, so I called compliance and she told me that my email got snafu back; therefore I have no knowledge of my rejected payment even though my bank was charged. I found out that she rejected me that I advertised waxing and fine me for that too. Since I found out I cannot do any of the services not allowed by the state board, I have since removed all my ads and wax pot.

On January 5, 2023, Helen Vuong entered the Board office to renew her Threading establishment license TE-56. On her renewal at the kiosk, she marked that she offers waxing services. Erica Swick told Helen Vuone in person that she would need to apply for a new salon application to add on waxing services. Helen Vuong said she did not have stuff for the inspection and would remove waxing services. I told her she would need to re-apply for her Threading Establishment renewal. Helen Vuong then stated that she would re-apply at home.

Reason(s) for appearing before the Board:

ON SEPTEMBER 13, 2022, I HAD A BREAK
BETWEEN CLIENTS AND WAS GOING THROUGH MY OLD IMPLEMENTS THAT WERE
STORED IN A SEPRATE CABINET PRIOR TO THE COVID SHUTDOWN.
IN AN ATTEMPT TO CLEAN MY WORKSTATION DRAWERS AND CABINETS IN MY
ROOM, I CAME ACROSS IMPLEMENTS THAT I KNEW WERE NOT UP TO
BOARD STANDARDS AND IMMEDIATELY DECIDED TO THROW THEM AWAY.
MY CLIENT ARRIVED EARLY AND I PLACED ALL IMPLEMENTS TO THE
SIDE TO GO BACK TO ONCE MY APPOINTMENT WAS OVER.
AT THAT TIME, THE STATE BOARD INSPECTOR WALKED INTO MY
ROOM AND NOTICED THE IMPLEMENTS IN QUESTION WERE A VIOLATION
TO THE STANDARDS SET BY THE STATE BOARD AND MUST.
I AM AWARE THAT I SHOULD NOT HAVE HAD THOSE IMPLEMENTS
IN MY STATION DRAWERS AND SET OUT IN THE FIRST PLACE. HOWEVER
I WAS GOING THROUGH ALL MY DRAWERS TO ENSURE THAT I DID NOT
MAKE ANY VIOLATIONS. KNOWING THAT THEY WERE NEVER IN USE, I
WAITED UNTIL I HAD SOME FREE TIME TO GET RID OF THEM.

I SINCERELY APOLOGIZE FOR THE STATE OF MY CABINET, AND
ADJACENT WORK SPACE AND HAVE WORKED VERY DILIGENTLY
TO ENSURE THAT ALL VIOLATIONS ARE REMOVED.
CONSIDERING THIS IS MY FIRST OFFENSES, I AM ASKING
THE BOARD FOR THE VIOLATION FEES OF \$ 600.00 TO BE
FORGIVEN.
THANK YOU IN ADVANCE.

Reason(s) for appearing before the Board: I received a cease and desist letter notice, and I complied with request. I started aesthetics school August 2022, as when I did a course, the trainer never disclosed that information. Nevertheless, I complied with the request as I do not need extra fees or put my license in jeopardy. Now I am receiving another notice and would like proof that I am providing and charging for services. In my social medias I post work that I practice on. If we aren't allowed to do that, I was not aware, but that is how I have been getting clients to keep busy in school. I am almost done with school and need to be done. Again, I am requesting proof that I am providing and charging for those services. I cannot come to face the board as I have a full time job Monday thru Friday and go to school at night. Thank you in advance for the response. ST-101013983

Reason(s) for appearing before the Board:

I am writing to appeal my disciplinary status and to apologize for my involvement in practicing nails without a license which led to my being placed on notice. I was unaware that practicing nails without a license was prohibited until I received the first cease. Prior, I thought it was ok because I took a nail course and received a certificate. I apologize for my ignorance and realize the reasoning behind why being licensed is essential to performing services on anyone. My intentions were not to harm anyone but only to practice nails for fun as a hobby. Now that I was made aware that I can no longer practice nails, I stopped immediately on December 19, 2022. However, a few weeks later I get fined for the same reason but I do not understand why if I completely stopped. My only focus right now is receiving my esthetician license as I graduate in March 2023. This means I would have no time to continue practicing nails at this moment due to the fact that I am continuously studying for my exam and staying after school every day for make-up hours. Thanks to my instructors here at school, they informed me why it is important to stop until I get a nail tech license or cosmetology license which is the next step I have been wanting to pursue after realizing nails are definitely what I would like to pursue. I would be so grateful if I could use the money that I am being fined for towards my school tuition when I enroll for either cosmetology or nail tech program. I apologize for my previous actions and hope my appeal will be considered. Thank you.

I was able to prove and show Cody that the images that were submitted in the report were services i conducted at school during appointments and student services,
I did inform my new school director cody that when we started the program in August
We were informed by the work administrative department that we could have an instagram to promote our services and to get clientele as a portfolio to showcase our work and were also told that we could start working on our business pages. To whom it may concern,

Destiney Wiggins was served a cease-and-desist letter while in school. She created an Instagram with our previous career services employee to begin her portfolio as a student in Esthetics. It was reported to the board that Destiney was providing services from her home and the pictures provided to the board were actual pictures of the work Destiney completed in school under the supervision of her licensed instructor. Destiney stated she never received the information about her cease-and-desist letter to appeal it to even submit the appeal.

This letter is written on behalf of her character and her professionalism as a student. Her overall GPA as a graduate student was 88.51% and her attendance was 99%. She was very hands-on and understood that she as a student was not allowed to offer services. Destiney was well liked by her peers and feels that students she had disagreements with falsely send in a complaint regarding Destiney's work she completed in school.

Sincerely,

1

1. Do you feel the Executive Director has expressed a clear plan or goal for the agency?

Yes

2

Based on your observations and personal experiences, what value does the Executive Director provide to the staff? In other words, how does the Executive Director improve your workday? Please explain in detail.

The value that Steven provides staff is his previous work experience. Steven has a lot of knowledge about various topics and is able to speak to staff and bounce ideas about how to handle day to day situations that arise. Steven is inquisitive and asks questions to better understand a process when it was not made clear to him. Steven always states that his door is always open and is open with his communication when speaking to staff about ideas and goals that our staff would like to see agency would like to reach.

3

How likely is the Executive Director to provide realistic solutions to staff problems as they arise?

10 out of 10

4

In what ways has the Executive Director contributed to the agency's daily operations?

Steven has been with the agency for 90 days. He has done his best to contribute to the agency's daily operations and team morale. He is friendly when speaking to staff and the members of the public when they come in. I am looking forward to seeing where and what this agency will look like under Steven's supervision in the future.

5

I feel confident in the Board's future success under the Executive Director's leadership.

10 out of 10

6

Would you recommend the Executive Director change anything about his approach to management? If so, please explain.

Steven has an open mind when it comes to his management style. He does his best to let those assigned executives/managers/chiefs handle situations on their team in their own way when they arise. I think Steven should continue to stay involved in day to day operations and keep his communication open with staff.

7

What activities, behavior, feedback, or coaching would you like to see more or less of from the Executive Director? Please explain in detail.

Stay informed and be willing for feedback good and bad

8

Does the Executive Director clearly communicate changes, updates, and other vital information to all staff and Board members?

Yes

1

1. Do you feel the Executive Director has expressed a clear plan or goal for the agency?

No

2

Based on your observations and personal experiences, what value does the Executive Director provide to the staff? In other words, how does the Executive Director improve your workday? Please explain in detail.

Communication has improved as far as legislation but I do not feel an improvement in my day to day quite yet from our Executive Director.

3

How likely is the Executive Director to provide realistic solutions to staff problems as they arise?

5 out of 10

4

In what ways has the Executive Director contributed to the agency's daily operations?

I do not think he has been with the agency long enough to fully contribute to the day to day operations or know the full list of day to day tasks. I think it would be beneficial for him to reach out to staff directly to understand the day to day tasks and operations each of us provide and how he can contribute.

5

I feel confident in the Board's future success under the Executive Director's leadership.

6 out of 10

6

Would you recommend the Executive Director change anything about his approach to management? If so, please explain.

I think he could be more direct with things that have to do with our agency and not so much with his past positions and places of work . There has been an increase in chit chat that has caused more gossip and had a negative affect on the current staff. I think listening to the current staff suggestions would be beneficial so we can all work well together and have clear goals for improvement.

7

What activities, behavior, feedback, or coaching would you like to see more or less of from the Executive Director? Please explain in detail.

Less chit chat would be helpful with time management and staff completing tasks without distractions and errors . Listening to what is needed from us to be successful and focus on our current staff and goals and not what has happened in the past or past drama with employees that are no longer here. Overpraising might come off as insincere at times .

8

Does the Executive Director clearly communicate changes, updates, and other vital information to all staff and Board members?

Yes

1

1. Do you feel the Executive Director has expressed a clear plan or goal for the agency?

No

2

Based on your observations and personal experiences, what value does the Executive Director provide to the staff? In other words, how does the Executive Director improve your workday? Please explain in detail.

He has improved in recent weeks, but I feel that he has interrupted day-to-day operations with incessant conversations. When discussing topics he tends to take a 5min conversation and drag it to a 30 to 40 min conversation. That makes it difficult for us to assist at the counter and get our daily tasks completed in a timely manner.

3

How likely is the Executive Director to provide realistic solutions to staff problems as they arise?

5 out of 10

4

In what ways has the Executive Director contributed to the agency's daily operations?

He is still learning the day-to-day operations, but I feel that he can learn it should he be given more time. He needs to reach out to staff and work alongside the more tenured staff.

5

I feel confident in the Board's future success under the Executive Director's leadership.

6 out of 10

6

Would you recommend the Executive Director change anything about his approach to management? If so, please explain.

Yes, he needs to listen to the concerns from staff. We are all aware of his resume and understand his experience. I would recommend less discussion about previous positions and previous Board staff causing an increase in gossip and hearsay that has been wearing on the remaining staff. I would suggest that he lead by example to stop this from continuing. Speaking to staff directly and not encouraging this behavior is necessary for a better work environment for all staff.

7

What activities, behavior, feedback, or coaching would you like to see more or less of from the Executive Director? Please explain in detail.

I appreciate that he encourages and praises staff, but he does it so often that it could end up coming off as insincere. Especially since he has spoken about previous staff in an unflattering manner.

8

Does the Executive Director clearly communicate changes, updates, and other vital information to all staff and Board members?

Yes

1

1. Do you feel the Executive Director has expressed a clear plan or goal for the agency?

No

2

Based on your observations and personal experiences, what value does the Executive Director provide to the staff? In other words, how does the Executive Director improve your workday? Please explain in detail.

The communication from the executive director has improved in recent weeks. I appreciate the efforts to keep staff informed, however I cannot attest to improvements in my day to day processes.

3

How likely is the Executive Director to provide realistic solutions to staff problems as they arise?

5 out of 10

4

In what ways has the Executive Director contributed to the agency's daily operations?

The executive director is still learning the daily operations of the agency. There are still many tasks that require more understanding from the executive director. This will require a constant effort from the executive director during this time of transition and change that Board staff has been faced with. The executive director will need to listen to and learn from existing staff in order to succeed and contribute constructively. I don't believe the executive director has been able to consistently contribute since there has been a drastic change in staff since his arrival in this position.

5

I feel confident in the Board's future success under the Executive Director's leadership.

6 out of 10

6

Would you recommend the Executive Director change anything about his approach to management? If so, please explain.

I would suggest the executive director listen and take in information from current staff. We are all aware of the executive director's background and qualifications. It would be beneficial to focus on using those skills for the Board to succeed. I recommend less discussion about previous positions and previous Board employees and shifting focus onto future goals. There has been an increase in gossip and hearsay that has been wearing on staff morale. I would suggest that the executive director lead by example to stop this from progressing. Speaking to staff directly and not encouraging this kind of behavior is necessary for a better work environment of all staff.

7

What activities, behavior, feedback, or coaching would you like to see more or less of from the Executive Director? Please explain in detail.

I would like to see direct, clear, and genuine communication from the executive director. I would suggest focusing on the future of the Board and its current staff. Listening and learning from all staff and taking their opinions and skillsets seriously. While praise is appreciated, constant and repeated praise can lack sincerity when there had been negative talk about prior and some current employees circulating.

8

Does the Executive Director clearly communicate changes, updates, and other vital information to all staff and Board members?

I feel confident in the Board's future success under the Executive Director's leadership.

Nevada State Board of Cosmetology 90-Day Highlights Review

Steven D. McDonald, Esq., MBA

Executive Director

April 10, 2023

Legislative

The Legislative session has been an exciting and moving at an energetic pace. I have met with numerous state legislators in regards to our bill in shepherding it through the legislative process this session. Also, we have provided additional information requested by legislators to provide better understanding of the why, what, and how we operate as a regulatory agency.

We have also met with other regulatory boards in opening communications to establish how we can network, coordinate, and look for joint opportunities to support similar efforts in the kinds of services we jointly provide. We are constantly monitoring all legislation that may have an impact on the Board and keeping the board member abreast of proposed changes the landscape.

Governor's Office

As you are aware, the Governor issued two (2) executive orders which required a freeze on any new regulations and requiring reports to be submitted to the Governor's Office and to the Director of the Legislative Counsel Bureau. Both reports have been completed with one submitted on 03/30/2023 and the other due 05/01/2023.

Importantly, we were granted an exemption by the Governor's Office to move forward with our modification of NAC 644A which a public workshop is set for 04/17/2023 to go over changes.

Board Meetings

We held our mandatory quarterly meeting on January 9, 2023 where the board approved staff re-write of NRS 644A including changes to advanced esthetician and esthetician licenses. We held additional board meetings as required by the Governor's Office executive orders. We have a regulatory workshop to modify NAC 644A on 04/17/2023.

Operations

Through some attrition, the remaining staff and I have stepped up to the plate to ensure that the Board is continuing to serve and protect the public safety of the citizens of Nevada and visitors to our great state. The executive team has been phenomenal as well as the staff in assisting me in moving the board forward in its operations.

We now have a full complement of staff in the regulatory compliance department and the service specialist departments to enhance our compliance and customer services. A chief accountant has been hired and will start on 04/17/2023.

We have a new computer system/software coming online in FY2024 which will not only provide convenient computer access and control to all stakeholders but will create continued efficiencies in how we operate inside and outside the office.

We are continuing to provide excellent customer services to the community, investigating any complaints, inspection coverage, and reporting to other government agencies as required by law.

Outreach

As the executive director of the Board, I have made a concerted effort to reach out to our cosmetology industry to introduce myself and open lines of communication and transparency. In four (4) months, I have met and visited with directors, managers, and owners of nine (9) schools and other cosmetology establishments, and toured their facilities. I have met with industry leaders to gain insight as to how we can assist them in staying in compliance with providing more information and educational opportunities along with trends in the industry. I will continue to keep the doors of communication open to listen to their concerns and bringing those concerns to the Board members.

Future

Overall, the future is bright! We have a great caring board, a great staff, a great industry, and I am looking forward to even better achievements in FY2024.

Respectfully submitted,

Steven D. McDonald, Esq., MBA

Executive Director

Executive Summary

This summary provides an overview of the Nevada State Board of Cosmetology proposed budget for fiscal year 2024. The summary will discuss the anticipated revenue and expenses. The proposed budget outlines the financial framework for continued, long-term operational success.

Revenue and Expenditures

Fine and fee revenue

Expected to increase due to increased inspections and extrapolation of year-over-year trends spanning the previous 5 years. Total revenue has historically increased by an average of 6% year-over-year, however, due to a full staff of regulatory compliance inspectors, total revenue and fines are projected to increase over fiscal year 2023 by approximately 16.00%.

Investment Revenue Investment

Revenue is currently difficult to predict due to fluctuating interest rates. The budget was designed with a conservative but realistic estimate forecasted from current economic activity. Planned capital purchases will reduce investment revenue due to the conversion of liquid funds into capital assets, thus earning less interest on cash balances.

Expense Operating

Expenses should remain stable in fiscal year 2024 due to significant changes in operational demands, such as the completed transition from testing vendor PSI to Pearson Vue and upcoming contract with GovSense software provider established in fiscal year 2023.

Salary Expense

The allocated amounts of salaries remain unchanged from last fiscal year's budget due to savings through attrition and an increase in continued operational efficiencies. This enables the staff to do more with technology and reduce the replacement of some personnel in certain circumstances.

In-State/Out-of-State Travel Expense

Travel is expected to be static after the FY2023 Legislative Session. Technological improvements and enhanced capabilities in videoconferencing technology should reduce overall travel.

Capital Expenditures

Device Hardware

The device hardware/security protocols for all employees require updates to help improve the safety and security of our data. This includes a contract with GovSense, a software developer database provider. This upgrade is in conjunction with the second phase of the networking project which began in fiscal year 2020 but was delayed during fiscal years 2021 and 2022 due to COVID-19.

Net Results

Overall, FY2024 is a status quo budget with our net position projected to have no increase in unrestricted net assets.

Respectfully submitted,

Steven D. McDonald, Esq., MBA

Hi Janie,

Yes! My apologies! I didn't change the date on the certificate. Totally went out of my mind.

She came for the class January 13th and 14th and 17th

She also enrolled to the class online same day January 13th and was able to finished the next day. As we know we do it at our own pace.

The confusion here is that I had a group of girls doing the training January 12-13-14 and she was able to participate on the course January 13-14

The other confusion is that she wasn't supposed to submit paper work until she completed everything.

But the last day of training I help the girls to fill out the paperwork and Ronna did it too same day and I wasn't aware of it.

I was wanted her to be able to participate with other girls in the class that is why she came January 13-14

And her and I did last day January 17th

I was just trying to help her to get her license this month. And we were able to managed how to get everything done in the last few days.
