COMPLAINT  
BEFORE THE NEVADA STATE BOARD OF COSMETOLOGY

NEVADA STATE BOARD OF  
COSMETOLOGY,

Petitioner,

vs.

ABILITY SCHOOL OF ESTHETICS,  
License No. SC-44984; Business ID No.  
NV20201934767, NATHAN O' HARA,  
owner/operator, Jerry Xu,  
operator/registrar,

Respondent.

Case No. C-2022-02115

COMPLAINT AND  
NOTICE OF HEARING

Steven D. McDonald, Executive Director for the Nevada State Board of Cosmetology ("Board"), submits this complaint for disciplinary action against Ability School of Esthetics ("Ability"). The hearing will be held pursuant to NRS 233B, NRS 622, NRS 622A, NRS 644A and NAC 644A. The purpose of this hearing is to consider the allegations stated below and to determine if the Respondent should be subject to an administrative penalty as set forth in NRS 644A.850, NAC 644A.860 and/or NAC 644A.870, and the discipline to be imposed, if violations of law are proven.

I. JURISDICTION

1. Respondent, Ability School of Esthetics, by and through Nathan O' Hara, was previously approved for a license by the Board to operate as a cosmetology school.

2. As a cosmetology school, Respondent did engage in the business of cosmetology, and is therefore subject to the jurisdiction of the Board and the provisions of NRS Chapter 644A and NAC Chapter 644A.

3. Pursuant to NRS Chapter 644A, the Board is vested with the sole discretion to discipline cosmetology schools, cosmetology establishments and licensees of cosmetology.

## II. FACTUAL ALLEGATIONS

1  
2 1. On or about May 19, 2021 Respondent, Ability, by and through its owner  
3 Nathan O' Hara, was issued its license to operate as a cosmetology school. At all times  
4 material to this Complaint, Ability School of Esthetics was owned by Nathan O' Hara  
5 and operated by Jerry Xu as the School Administrator and is located at 3880 Schiff  
6 Drive, Las Vegas, Nevada 89103.

7 2. On March 10, 2023, Inspectors Pamela Hayes-Fitzgerald, Tiana Polar,  
8 Jennifer Keane and Dana Lopez conducted an inspection of Ability during its class  
9 instruction hours. During the inspection, the inspectors noted discrepancies regarding  
10 student attendance. **See Exhibit A.** Based on the discrepancies found during the  
11 inspection, the inspectors left the premises and planned to return within three (3)  
12 months.

13 3. On or about March 20, 2023, Nathan O' Hara and Jerry Xu contacted Janie  
14 Huggins, Chief Compliance Officer and Lauren Gossage, Regulatory Compliance  
15 Specialist regarding their own concerns over the student record discrepancies  
16 discovered during the March 10, 2023 inspection. A follow up meeting with Mr. O'Hara,  
17 Mr. Xu, Ms. Huggins, and Ms. Gossage was set for March 28, 2023.

18 4. On or about March 28, 2023, Ms. Huggins and Ms. Gossage met with Mr.  
19 O' Hara and Mr. Xu at the Board Office. During the meeting, Mr. O'Hara and Mr. Xu  
20 requested Ms. Huggins and Ms. Gossage to arrange and conduct a follow-up inspection  
21 of Ability.

22 5. On or about May 15, 2023, Ms. Huggins and Ms. Gossage visited Ability  
23 during the hours of scheduled class instruction. During the inspection, they observed  
24 students without a textbook, students without test kits and observed students sleeping  
25 while clocked in. **See Exhibit B.** Also, Ms. Huggins and Ms. Gossage observed students  
26 returning to the school's premises while still listed as "clocked in". While reviewing  
27 student records, Ms. Huggins and Ms. Gossage noted that approximately six students  
28 were clocked in and unaccounted for during the inspection. **See Exhibit B.**

1 Additionally, Ms. Huggins and Ms. Gossage noted issues with the facility including an  
2 inoperable AC unit and equipment that was deficient for the “advanced esthetics”  
3 program. **See Exhibit H**

4 6. On May 16, 2023, Ms. Huggins and Ms. Gossage conducted a follow up  
5 inspection of Ability to determine if the issues found during the May 15, 2023 inspection  
6 were resolved. During the May 16, 2023 inspection, Board compliance again witnessed  
7 students sleeping during purported class instruction times. **See Exhibit C.** Board  
8 Compliance also witnessed student textbooks opened for the first time. *Id.* Following  
9 their inspection, Ms. Huggins and Ms. Gossage determined that the issues previously  
10 found during May 15, 2023 inspection were still unresolved.

11 7. On May 17, 2023, Ms. Huggins conducted a follow up inspection of Ability  
12 to determine if any progress was made as to the record keeping, equipment and/or the  
13 AC Unit. No improvements were made, and Ms. Huggins observed students loitering  
14 during purported class instruction times. Instructor Sophia Sun Kupke was present.  
15 Instructor Tricia Faust later appeared. **See Exhibit D.** Moreover, during the inspection  
16 Ms. Huggins was informed that Ability will be temporarily closed for repairs and  
17 witnessed students moving equipment out of Ability. Notably, students were permitted  
18 to remain “clocked in” as they moved equipment. *Id.* The Board was not previously  
19 notified by Ability of its plans to temporarily close.

20 8. Following the inspection, Ms. Huggins emailed Mr. O’Hara requesting  
21 time records for all students, a complete copy of all student contracts and the intended  
22 closure and start dates for Ability. **See Exhibit H.** On May 18, 2023, Mr. O’Hara  
23 responded with the requested documents. Following review of the documents, Ms.  
24 Huggins noted the following: (1) that records were incomplete as to tracking student  
25 hours; (2) none of the students were enrolled in the school portal within 45 days; (3) that  
26 some student records did not contain required information regarding transfer hours; (4)  
27 that the records did not confirm if the students had at least a 10th grade education or  
28 its equivalent and that the records did not include financial forms with the student

1 contracts. During that same day, Ms. Huggins emailed Mr. O'Hara inquiring about  
2 these record issues, whether the records were modified and how attendance is recorded  
3 for instructors. *Id. See also Exhibit K.*

4 9. On May 24, 2023, Mr. O'Hara informed Ms. Huggins that based on the  
5 events and discoveries made at Ability in the prior week, Mr. O'Hara and Mr. Xu  
6 determined that it is in the best interest of the students to terminate their contract with  
7 instructor Sophia Kupke. *See Exhibit H.* As a result, Ability will be closed a little  
8 longer while they recruit, hire, and orient a new instructor. Mr. O'Hara did not respond  
9 to Ms. Huggin's May 18, 2023 inquiries as to the student records. On June 5, 2023, Ms.  
10 Huggins emailed Mr. O'Hara for an update on a response to her inquiries made out to  
11 him on May 18, 2023. *Id.*

12 10. On June 6, 2023, Mr. O'Hara responded to Ms. Huggins confirming that  
13 the records previously provided to the Board were "complete". *See Exhibit H, Page 1.*  
14 As to the requirement for students to be enrolled in the school portal within 45 days,  
15 Mr. O'Hara admitted that they misunderstood this guideline, and that Ability is not in  
16 compliance. *Id.* As to the requirement of maintaining documents to confirm that  
17 students completed at least the 10<sup>th</sup> grade (or equivalent) prior to enrollment, Mr.  
18 O'Hara admitted that they did not comply with this requirement to ensure all enrolled  
19 students met the minimum education requirement. *Id.*

20 11. Notably, as to modifications to student time records, Mr. O'Hara informed  
21 the Board that modifications to student time records are only made because of a  
22 "student mis-punch-usually due to the malfunction of the Wi-Fi system". *See Exhibit*  
23 *H, Page 2.* Mr. O'Hara stated further that any data entry error would have been  
24 corrected by Mr. Xu, with the acknowledgment of both the student and the instructor.  
25 *Id.* Mr. O'Hara also added that their instructor Tricia Faust signs students both in and  
26 out on paper as well. *Id.*

27 12. On or about May 19, 2023 – June 13, 2023, the Board conducted multiple  
28 inspections of Ability to determine if in fact the Ability was closed. The inspections were

1 prompted by unclear information from Mr. O'Hara and Mr. Xu about its closure. The  
2 inspections were conducted by Dana Lopez (5/19/2023), Jennifer Keane and Tiana Polar  
3 (5/22/2023), Jennifer Keane individually, (5/26/2023; 6/1/2023; 6/9/2023) and Lauren  
4 Gossage (5/30/2023). During Ms. Gossage's inspection, she noted some progress as she  
5 found that the AC unit was operational. However, the issues pertaining to the accuracy  
6 of student hours were unresolved. **See Exhibit E.** Following Ms. Keane's inspection on  
7 June 9, 2023, the Board determined that Ability was closed.

8 13. On or before June 17, 2023, the Board was informed that Ability would be  
9 reopening. Ms. Huggins conducted the inspection to ensure compliance with the  
10 reopening.

11 14. Prior to July 11, 2023, the Board was notified that one of Ability's  
12 instructors, Tricia Faust was believed to be at an opening inspection purportedly for her  
13 personal business and not at Ability during class instruction hours. On July 11, 2023,  
14 Ms. Huggins conducted a follow up inspection of Ability to ensure Ability had the  
15 required number of instructors during class instruction, which she later confirmed.  
16 During that inspection, Ms. Huggins noted again that the student hours were  
17 incomplete, inaccurate, and not properly updated. **See Exhibit F.** Accordingly, Board  
18 Compliance made additional visits as part of its mass collection of Ability's student  
19 records. **See Exhibit G and Exhibit J.**

20 15. At all times material to this Complaint, Bertha Jackson, Chief Operating  
21 Officer, conducted her review of the students' records provided by Ability to determine  
22 if the students are eligible for testing. **See Exhibit I.** These students purportedly  
23 graduated from Ability's program. Over the course of her review, which began on or  
24 about May 2023, she took note of several issues with multiple student records including  
25 attendance discrepancies; course "completions" that were both incomplete and  
26 unsubstantiated; time records with missing signatures from students, registrar, and/or  
27 instructors; documentation that appeared to be altered, and missing information and/or  
28 or missing documents confirming whether the student has met the Board's minimum

1 education requirement. See Exhibit I pages 2-37 and 176-180 (Connie Wright);  
2 Exhibit I pages 38-63 and 181-185 (Mei Lu); Exhibit I pages 64-86 and 186-200  
3 (Suwipa Kusonwong), Exhibit I pages 87- 137 and 201-205 (Xinyu Chen), and  
4 Exhibit I pages 138-175 (Yuqin Geng). Ms. Jackson further noted that the timecards  
5 were never modified properly. See Exhibit G, pages 3-4, Exhibit J, pages 10-12 and  
6 Exhibit A, page 2.

7 16. On or about September 28, 2023-October 18, 2023, following Ms. Jackson's  
8 review and findings, board letters were issued to these students informing them that  
9 their applications were being denied and that they did not qualify for testing due to  
10 these issues associated with their records. See Exhibit I pages 1, 38, 64, 87, and 138.  
11 The students were further informed that they may petition to appear before the Board  
12 to have the decision reconsidered. *Id.*

13 17. After consulting with Ms. Jackson and based the numerous issues found  
14 in the students' records, Ms. Huggins and Ms. Gossage forwarded this matter to  
15 Executive Director, Steven McDonald, to determine if there were sufficient facts to  
16 warrant an administrative hearing.

Dear Ms. Gossage and Ms. Huggins,

Many thanks for coming to visit and inspect our school on Friday, March 10!

Attached please find a copy of our Preliminary Incident Report for the situation involving our student Ms. Chunxiang Miller, as well as six evidentiary attachments that document communication between our staff and Ms. Miller as well as staff interviews with two of Ms. Miller's classmates who had been mentioned in some of the back and forth communication.

While the situation with Ms. Miller appears to have resolved itself with her returning to Instructor Kupke's class without further disturbance, we would very much appreciate the opportunity to meet with you to discuss how best to address the allegation that students other than Ms. Miller may have falsified their attendance records over the course of this class session. We are available at your convenience to meet, either at your offices or at our school.

Many thanks for all your assistance with this matter.

Kind regards always,

Nathan O'Hara, Director

Hi Janie and Lauren,

Here is a brief caption of our student time keeping system:

1. Student punch card time is managed by an online electronic clock with a computerized database system. Each student punches in and out as s/he comes and leaves class during the instructional hours.
2. Instructor keeps a written record for daily student activities including time and roll calls.

EXH H 002

3. An outside independent contractor performs roll calls at random times to provide quality control of student time records.

Please let me know if you have additional questions.

Kind Regards,  
*Jerry*

Hi Janie,

Here are our answers to your questions from yesterday:

2) Can you confirm if this is meant to be a comprehensive list of what was requested by the Board and/or if there will be additional information documentation provided based on the original request within the agreed-upon time frame?

Yes, Jerry sent the requested student time records and contracts (Enrollment Agreements) to your office on May 18. I'm re-sending these as an attachment to this email, as well as a copy of our current Student Catalog (which will need to be updated once we hire a new Instructor) in case these are useful to you. If there's anything else you need in this regard, please let us know.

((from your prior message:

- time records for all students (clock-ins and clock-outs) from 5/15/2023 to 5/17/2023
- time records for all students (clock-ins and clock-outs) from 4/3/2023 to 4/21/2023
- time records for all students (clock-ins and clock) from 3/20/2023 to 3/24/2023)
- a complete copy of all student contracts.))

3) Can you advise why none of the students have been enrolled in the school portal within 45 days of their enrollment (pursuant to NAC 644A.610)?

Regrettably we had misinterpreted this guideline. We thought we were supposed to do the student enrollments within 45 days of their completion. We will correct this going forward.

4) Can you confirm or advise why these records do not consistently include required information regarding transfer hours, information about the completion of at least the 10th grade in high school or its equivalent, or information regarding the student's birth certificate, passport, driver's license or identification card containing a picture of the student (pursuant to 644A.610)?

We have only had a very few transfer students to date. These students' Letters of Credit are kept in their student files and re used to determine which and how many hours of training the students need to take at Ability School.

We unfortunately missed the requirement that students document their completion of the 10<sup>th</sup> grade or better prior to their enrollment, and greatly appreciate your bringing our attention to this requirement. We are adding the following statement

as an acknowledgment on our online Enrollment Agreement: "I hereby affirm that I have completed prior education equivalent to or greater than the 10<sup>th</sup> grade of high school at \_\_\_\_\_ high school." Please let us know whether this is sufficient to meet the Board's requirement, or if there is another way you would prefer we address this. We have also asked our current students to provide an affidavit or other relevant documentation to this effect, and this will be included in their files.

Students' photo identification is required as part of their online registration. We also upload students' identification cards onto our online student tracking system (QuickSchools). These are available to the Board upon request.

5) Can you advise why there are no financial forms included in these contracts? These forms should be included with the contracts and include, but is not limited to, forms regarding tuition, grants, scholarships, and other methods of subsidizing tuition (NAC 644A.605). Please send these to me as part of the original request.

Tuition information is included in our Student Catalog, which every student receives and which is technically considered part of students' Enrollment Agreements. All student payment records are kept on our online student information tracking system. Students can obtain a duplicate copy of their payment receipts at any time. If the Board prefers, going forward we could also add this information to the online agreement that students use to matriculate into the school.

Our school does not have access to any grants, loans or scholarships for students at this point, which is why there's no information about these included in our student contracts.

6) Can you advise if these time records have been modified in any way? If so, can you outline the processes for how modifications are made to a student's timecards?

To our knowledge, the only modifications to student time records would have been because of a student's mis-punch – usually due to a malfunction of the wifi system. Any such data entry error would have been corrected by Assistant Director Jerry Xu, with the acknowledgment of both the student and the instructor. Instructor Tricia has been signing students in and out on paper as well. Going forward we will require and enforce this duplicate sign-in process for all our Instructors.

7) Can you confirm how attendance is recorded for instructors?

Our Instructors record their hours (time in, time out, lunch break) on an Excel spreadsheet. Instructors report their hours to administration at the end of each pay period. Up to now it has been an honor system. Now that we're aware there was a major problem with one of our instructors, our Director and Assistant Director, and their delegates, will regularly monitor each class to ensure full compliance with Instructor attendance requirements.

**Subject:** Re: Documents Request

Hello, Nathan,

Thank you for your email. Please see my response below in red. If you have any questions or concerns, please let me know.

1. On the matter of equipment for the Advanced Esthetics class, I remember a conversation our staff had, with either Janie and/or Lauren if I'm not mistaken. The takeaway from this discussion was the decision that it would be best for us to wait until the final advanced class regulations are in place before purchasing any advanced equipment other than what was required for the Laser certification – the concern being that if the regulations were to change some of the equipment purchased might not be appropriate to the final regulations. This is the sole reason that we've held off on these purchases.

So the question is, should I go ahead and order the advanced equipment now, to have available by the time we reopen?

Also, do we need to re-apply for authorization to teach the advanced course?

On the matter of the advanced esthetics program/equipment, it is correct that the Board staff's position was that schools wait until the regulations that govern equipment requirements for the advanced esthetics program were in place before offering the program. This remains the position of the Board staff as the regulations are subject to change until they are codified into law. Any school approved for the program, including Ability, was approved on meeting the minimum requirements of what equipment was being proposed at the time. Upon approval, the school was advised *it is possible that the NAC regulations pertaining to the operation of an advanced esthetic program within a school of cosmetology may **require advanced esthetic equipment above and beyond what your school submitted in its application**. When the new NAC regulations are drafted, all schools offering the advanced esthetic curriculum will be required to abide by the new regulations.*

The school was issued a license to offer the program based on the equipment list that was provided to Board staff outlining the specific equipment that the school had obtained. The approval of this program for Ability was based on the presumption that the equipment list provided by the school to the Board staff with its application was already purchased, on the premise, and available to students to teach the curriculum. I do not recall a conversation nor is it implied in any written correspondence that the equipment list provided to the Board staff was hypothetical.

In regards to the 75-hour laser course, Lauren and I advised Jerry that the Board staff will not be able to accept any laser course certificates from Ability for the purpose of grandfathering as we are unable to verify with the school, students, or instructors that the hours were actually obtained.

With that being said, the school remains licensed for the advanced esthetics program and should the school enroll students in the 900-hour program, you would be in violation of NRS 644A.740 as the school does not have the proper equipment sufficient to teach all the subjects of the

EXH H 007

advanced esthetics curriculum. The school is on its second offense for failing to comply with that statute. A third offense for this violation is \$1000.

We cannot advise you on whether or not to purchase additional equipment or the need for additional approvals. The Board staff is consulting with our Deputy Attorney General on this issue. Once the guidance is provided to us, the school will be notified if additional action is required. Further, we cannot advise you regarding your internal business practices as to disciplining students for violation of your contracts and business policies.

1. Apparently one or more students had stowed their used sponges without our knowledge, presumably with the intent of reusing them for mannequin practice. I think we should make this a disciplinary offense. Do you have any objections or suggestions about this?

The re-use of any single-use items is already a monetary disciplinary offense pursuant to NAC 644A.740(i). It is in Nevada law, as well as a common industry best practice, that single-use items must not be used on more than one client and must be disposed of after use on a client. A single-use item would be considered anything made of porous material.

1. Are there any other improvements that you would recommend we implement, so that we don't run afoul of Board regulations in the future

As of today, the school has been in numerous violations of the Board's statutes and regulations, including sanitation, licensing, supervision, student enrollments, time records, etc. Again, we cannot advise you regarding your internal business practices. Our laws and regulations are available for free in PDF form on our website here. I have included links below to some of the most pertinent for schools of cosmetology. Good Morning Everyone,

Based on the events and discoveries of last week, we have determined that it is in the best interest of our students and our school to terminate, at least for the foreseeable future, our contract with Ms. Kupke as an instructor at our school. We will immediately begin work to retain a new instructor, but we may need to be closed a bit longer while we recruit, hire and orient the new instructor.

Also, I do have a few questions regarding our citations if you don't mind.

1. On the matter of equipment for the Advanced Esthetics class, I remember a conversation our staff had, with either Janie and/or Lauren if I'm not mistaken. The takeaway from this discussion was the decision that it would be best for us to wait until the final advanced class regulations are in place before purchasing any advanced equipment other than what was required for the Laser certification – the concern being that if the regulations were to change some of the equipment purchased might not be appropriate to the final regulations. This is the sole reason that we've held off on these purchases.

So the question is, should I go ahead and order the advanced equipment now, to have available by the time we reopen?

Also, do we need to re-apply for authorization to teach the advanced course?

2. Apparently one or more students had stowed their used sponges without our knowledge, presumably with the intent of reusing them for mannequin practice. I think we should make this a disciplinary offense. Do you have any objections or suggestions about this?
3. Are there any other improvements that you would recommend we implement, so that we don't run afoul of Board regulations in the future?

Jerry and I would be most grateful for an opportunity to meet with you, at your convenience, to discuss these matters as well as any further concerns you might have about our school, as soon as Jerry returns from his family vacation in China. Would sometime in early June be convenient for you?

Kind regards always,

**Subject:** Re: Documents Request

Hello, Jerry and Nathan,

Thank you, these have been received. I have a few questions based on what you have sent -

- 1) Can you confirm the date the school closed due to the repairs?
- 2) Can you confirm if this is meant to be a comprehensive list of what was requested by the Board and/or if there will be additional information documentation provided based on the original request within the agreed-upon time frame?
- 3) Can you advise why none of the students have been enrolled in the school portal within 45 days of their enrollment (pursuant to NAC 644A.610)?
- 4) Can you confirm or advise why these records do not consistently include required information regarding transfer hours, information about the completion of at least the 10th grade in high school or its equivalent, or information regarding the student's birth certificate, passport, driver's license or identification card containing a picture of the student (pursuant to 644A.610)?
- 5) Can you advise why there are no financial forms included in these contracts? These forms should be included with the contracts and include, but is not limited to, forms regarding tuition, grants, scholarships, and other methods of subsidizing tuition (NAC 644A.605). Please send these to me as part of the original request.
- 6) Can you advise if these time records have been modified in any way? If so, can you outline the processes for how modifications are made to a student's timecards?
- 7) Can you confirm how attendance is recorded for instructors?

Thank you in advance for the information.

Hello, Nathan,

Thank you for your response.

Please provide whatever documents you have access to as soon as possible. I was advised that the contracts were stored online and not at the school when I was there to retrieve them this morning. Anything else will be due no later than June 1, 2023. I will also need you to provide the start date of your school closing for your ac repair.

Please let me know if you have any questions or concerns.

Thank you,

Hi Janie,

Can I request an extension on your request for documentation?

Our site will be closed for some roof and HVAC repair for about two weeks, and we've been asked to stay out of building until the work is finished. Therefore I expect we will be closed until about June 1 or June 2.

I'm in Houston currently for celebration of our granddaughter's birthday, and Jerry's son is having some health issues today. Furthermore, Jerry is leaving for an out-of-country vacation tomorrow night and needs to prepare for this tonight and tomorrow.

We will definitely get these documents to you asap, but tomorrow by 10:00 a.m. will not be possible.

Would you please grant us an extension on this?
