**D. Action Items**

**1. Proposed modifications to NAC 644A.618- *for discussion and possible action***

The Nevada State Board of Cosmetology is seeking to modify the current language of NAC 644A.618 to allow for cosmetology students to earn practical hours remotely (outside of a licensed school of cosmetology) in times of "emergency" as declared by the Governor and upon majority vote by the Board. Any remote practice would be limited to work on mannequins.

The Board affirmed the modification of the current language of NAC 644A.618 as submitted to LCB.

Move: Bryan Baltazar Second: Kai Stanton Status: Passed

**2. Discussion of the potential for small business impact- *for discussion and possible action***

On January 14, 2021 the staff of the Nevada State Board of Cosmetology sent a Typeform survey to all of the cosmetology school owners and operators in Nevada. That survey was sent to determine whether the proposed changes to NAC 644A.618 would have any economic impact on licensed schools of cosmetology.

Executive Director Landry reviewed the survey results.

Board President Braimoh requested clarity on the long-form survey and asked if it can be discussed during the next Board

meeting.

Executive Director Landry explained once the package is sent to the LCB, it will come back to the Board and we can discuss the changes the LCB made. Director Landry further explained that the Board's submission of the package, including the survey to the LCB, is so that the LCB may see the documentation and evaluate the impact on small business.

Board member McCormick asked if it would be appropriate to submit a motion to send the packet to LCB

Board Member Baltazar asked if we could hear from schools.

Board Member Stanton stated that reading the comments seems to mean the Board needs to get details down and finalize the process.

Director Landry stated that after everything is submitted we will discuss the number of hours at the next Board meeting.

The Board voted to take the survey and submit it to LCB for review.

Move: Tialutrell McCormick Second: Kai Stanton Status: Passed

**E. Comments from the general public-*for discussion only***

The Board of Cosmetology will entertain comments from the general public for any item that is or is not on the published agenda and is related to the Nevada State Board of Cosmetology.

No action can be taken on a matter unless it is included in an agenda.  
Comments should be limited to three (3) minutes or less.

Lu Suarez from Euphoria Institute discussed needing to slow the pace of progression. The hours we were lowered to 20 a week. It would be nice to be able to add practical.

Brent Vanschoiack from Paul Mitchell stated being able to incorporate some sort of practical would help students engage. It would hold

students more accountable. He agreed with the 50% breakdown and was grateful for the conversation.

Jan Garrett DeSimone from the Clark County School district agreed that having some limited hands-on practice helps keep students engaged and with the technology today it's a possibility. Suggested that remote practical learning include entry-level skills, like a simple manicure, haircut, or blow-dry. 25-20 hours per week at 50/50 would be fair and support the students as they move forward.

Board Member Stanton requested a student survey to see how successful students feel online theory learning was during the pandemic.

In response to Board Member Stanton's comment, Board President Braimoh said she would like to see Board Staff put that together for when the students come in to take the test.

Jan Garret DeSimone suggested the result could be skewed depending on how the student(s) performed on the test, if they failed they would blame distance learning.

Board President Braimoh suggested a survey could be sent to new licensees.

Lu Suarez agreed with Jan Garret DeSimone and suggested that attendance was a more accurate measurement. The survey would be inaccurate for so many reasons including that not everyone graduates and takes the test right away.

DAG Taruc recommended this not be discussed until it was put on the next Board meeting agenda.

Board President Braimoh stated she wants to see it on the next Board meeting agenda and that there needs to be some type of survey to be able to show the legislature how it impacts the industry.

**F. Comments from Board Members- *for discussion only***

Board member Braimoh would like to add an agenda item to set the practical hours for remote learning in the next Board meeting and apply for the next state of emergency if any.

Board member Stanton would like to discuss and institute some type of survey for graduates regarding the efficacy of remote learning in the schools at the State Board office after they take their examinations.

**G. Adjournment- *for possible action***

The meeting adjourned at 10:04 AM PT.

Move: Kai Stanton Second: Bryan Baltazar Status: Passed

Re: Asking for an appeal

Aloha Nevada State Board of Cosmetology,

My name is Trina Wright and I am applying to transfer my Nail Technician license and permission to take the licensure exam with the Nevada State board. My family and I have decided to move to Nevada this August where I hope to practice as a social worker and a Nail Technician. I would like to explain the felony charges that I hope to get pardoned in this appeal.

As a young adult I made poor life decisions which ultimately, I have learned a lot from however I still reap consequences for those poor choices and having to re-live this incident has to be the worse consequence of them all. When I was 18, I was raped. Instead of doing the right thing by calling the police I "took the Law into my own hands" ( that is a quote I will never forget-told to me by the Judge in 1998). I called a man that I barely knew to "go talk" to the guys that had raped me. I thought he would scare them, maybe even physically fight them but I didn't know he had guns. I am from Hawaii and we never dealt with guns. Especially during those days (older days). My co-defendant however was from California. So, that night when he confronted the men they all ended up fighting and it was 4 or 5 guys against two (co-defendant & his cousin). I was sitting in the passenger side of the car, with a fat lip, crying and watching all of this. It was so scary. The next thing I know is that he came and got something from the back seat of the car and told them all to back away. They all backed away. He immediately jumped back in the car and drove away quickly. He gave me a gun and said "put this in your bag, put this in your bag" so I put the gun in my bag. I didn't hide it. That was the first time that I ever saw or touched a real gun in my life! While driving he was simultaneously doing something in the back seat. We got pulled over by the police right away. This all happened so fast it must have been a 10-15 minute incident all together (from the talking-to getting pulled over). We get pulled over and there is a gun in my bag and a gun under the passenger seat that I was sitting in. When we got pulled over I told the Police the truth from the beginning. That is how I received the 2 counts of firearm charges. I went to jail for 6 months following this incident and everything was such a blur. When I got out on probation/a Deferred acceptance of no contest (DANC) plea I went down a dark path of self-destruction which led me back to jail on September 20, 2000. I had violated my probation. I do regret making such bad decisions back then and especially trying to take the law into my own hands. I am glad no one got hurt and I am thankful I was able to rehabilitate and change. I hope to plant seeds of hope and love into our community as I can give back. In closing I would like to ask for an appeal consideration in order to obtain my Nevada State Nail Technician Licensure. Thank you for your time.

Mahalo,  
Trina Orta Wright 4/28/21

Dear Janie,

I have read every file in Ms. Trina Wright's folder. After careful consideration, I cannot grant Ms. Wright the right to receive her cosmetology license since she has a violent crime as a part of her past sentencing. Please let Ms. Wright know that she can file to appear before the Board of Cosmetology at the next Board meeting to ask the Board to overturn my decision. You may inform her that I cannot grant a license to anyone convicted of a violent crime and that the Board is the only group that can grant her the right to obtain a license.

Sincerely,

Executive Director

Re: Trina O. Wright summary of charges.

Aloha Nevada State Board,

My name is Trina Wright and I am applying to transfer my Nail Technician licensure/take licensure exam with the Nevada State board. My family and I have decided to move to Nevada this August. I do have a Nail Salon (Scratch Nail Spa) that wants to hire me pending my Nevada Licensure. Currently in Hawaii, I work both as a social worker and a nail technician. My social worker job is how I give back to the Community due to my life experiences that I have been through. My nail technician job is how I give back to myself as a creative/artistic outlet as well as assisting women in their self-care. Here is my story....

#### Explanation of charges

I was born and raised in Hawaii as a foster child. I was raised by a good foster family however as a young adult I began following the wrong path in life. After High School I immediately started & then dropped out of college, was drinking underage and making poor life decisions overall (Charge 7. DUI-drinking and driving, 1997). At that time, with the poor choices I was making and the wrong company I was affiliating with, in 1998, I was sexually assaulted. Instead of doing the right thing by calling the police, I called some guy I didn't really know to threaten/shake-up the guys that had raped me-which resulted in (charges 5 & 6; place to keep-II counts, original date was 1998) criminal charges. Because of this incident, at age 18, I went to OCCC for 6 months. I remember this time as being a blur and not really understanding what was happening. I did have the intention to change but I did not know how to get the help or rehabilitation for what I went through at that time. When I got out of jail I was on probation under the DANC plea, where if I had completed probation successfully I would have had the charges dismissed. In retrospect, I can say that I truly had no clear understanding of what to do after the trauma of the incident and the trauma of going to OCCC. So instead of addressing and learning from the issues I had faced; I ended up going down a quick spiral of self-destruction where (charges 2, 3 & 4 crim trespass, prostitution and massage parlor, 1999 & 2000 ) I accumulated more and more charges.

On September 20, 2000 (the reason the charges are all dated for the year 2000) my probation was violated, and I took responsibility for all my mistakes (guilty, convicted). At the age of 21, I was incarcerated for 2 years at the Women's Community Correctional Center (WCCC) and then released on parole. I successfully completed my parole and was even given an early discharge in 2004.

#### What I Learned

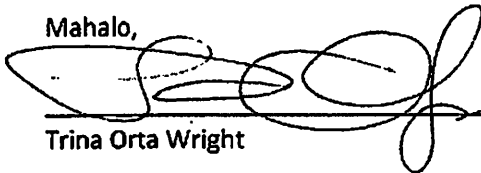

While being incarcerated the second time, at age 21, I decided then and there that I was going to change. I built a solid foundation for myself by taking all the counseling, all the classes, and all

experience that changed my life forever. I was given a new chance at life to learn and to grow as a person. I took complete advantage to learn all that I could. Since my release in 2002 I went back to school where eventually I obtained both my Bachelors (2011) and Master's degree (2013) in social work. Throughout all the time I was in school I have also worked in the mental health field. As I have continued to better myself throughout the years I have always made it a priority to give back to my community.

As for the nails, I have always been a nail girl since I was a little girl. I remember being so amazed by a TinkerBell peel-off nail polish that I was given one year for Christmas and my love of nails has never wavered since. Six years ago, I decided to invest in my self and my creative side by attending Nail School and it's been the best experience ever. In August 2019 I was even a part of an international nail competition for the Nails Magazine where I ended up being Top 18! I find that I am able to tell my story on my nails with art and as a nail Technician I am able to assist others in their own self-care and telling their own stories on their nails as well.

In closing I would like to ask for permission to take my Nevada State Boards exam and approval of my Licensure transfer when I pass it successfully. I am excited to begin my new Chapter in life in Nevada. Thank you for your consideration.

Mahalo,

My name is Jennifer Pamintuan and I am a licensed clinical social worker. I have known Mrs. Trina Orta Wright in an educational, professional and personal capacity for over 20 years. I have been able to see Mrs. Wright transition from having mental issues to becoming a professional, successfully completing personal, educational and employment goals. Her personal and professional values, based on life experiences, has made her into a hard working, compassionate worker. dealing w/individuals with emotional/personal mental illness. I have witnessed her working in this capacity since 2003 as a support staff. since then she has moved on to other employment opportunities, now working as an MSW. currently, she is pursuing the goal of

becoming a Licensed Clinical Social Worker. Currently I am her supervisor and have been able to see her motivation and compassion in her profession. During supervision she shares about her current job working as a Mental Health Specialist for Oahu Jail Diversion, working with individual clients and groups. I believe she has the heart and passion for this specific position given her life experiences. As her clinical supervisor, I see her passion for the profession as she not only participates in supervision but also seeks outside supervision and she is open to feedback.

Mrs. Wright has donated over 100 hours to the agency I currently work for, utilizing her experience and expertise, doing art therapy. She has made an impact on the agency and mental health consumers that I work with, building their confidence and skills. Through these activities our clients have increased coping skills in life.

I have also been able to see Mrs. Wright on a personal level as a mother, step-mother, wife, and friend to others. I have found that Mrs. Wright is open and honest about her life experiences and struggles. And it is evident that these experiences have shaped her into a caring, loving and respectable member of the community.

For these reasons and many more I would like to support Mrs. Wright in her goal of getting a pardon. For as long as I have known Mrs. Wright, she is a law abiding citizen who has not gotten into any trouble with public authorities, often encouraging others to do the right thing. If she is able to get a pardon I believe she will continue to be a positive individual in the community and it will open her employment opportunities, giving her the ability to continue to making an impact on her community through her professional career.

To Whom It May Concern:

I have known Trina Orta Wright since mid 2009, when I was her direct clinical supervisor at Community Empowerment Resources (CER,) a community non-profit organization, working with seriously mentally ill adults. Ms. Wright worked tirelessly to assist the clients to obtain housing, receive medical treatment and help apply for insurance and other benefits.

In the twelve years that I have known her, Ms. Wright has worked to continue her education in the field of Social Work, obtaining first the Bachelor's Degree and then her Master's Degree in Social Work. She is about to take the Hawaii State Licensure for the Licensed Clinical Social Worker after obtaining over 3000 hours of clinical experience.

Post her first case management experience at CER, Ms. Wright was employed at Hale Ipu Kukui Alaka'i (HIKA) where she was again assisting the Seriously Mentally Ill in as a community Liaison, between the client, Mental Health Clinics, DHS and the Social Security Administration. This nonprofit agency aided its clients to obtain their financial benefits and manage them appropriately. At HIKA, I was her direct supervisor.

In her position at the State of Hawaii, Department of Health, Adult Mental Health Division, where she has worked since 2013, I continued to mentor and clinically supervise Ms. Wright.

Since the termination of her parole, Ms. Wright has not had any difficulties with law enforcement. In fact, she has used her experiences to be an upstanding citizen of great integrity and morals.

I recommend that Ms. Wright be pardoned in full so that she may enjoy the restoration of her civil rights.

Sincerely,

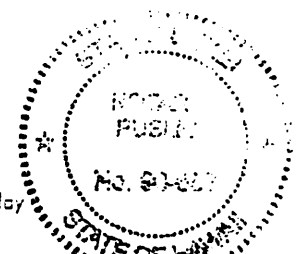

Leslie Ross, Ph.D

**V. OFFENSE SYNOPSIS**

Records provided by the arresting agency and the prosecuting agency reflect that the instant offense occurred as follows:

On September 24, 2015, Reno Police officers responded to a report of an attempted robbery. The officers met with two witnesses whom stated a female later identified as the defendant, Erika Eileen Dearman, battered and attempted to steal the purse of a very frail elderly 72 year old woman. The defendant fled the scene in her vehicle with a female passenger after she realized the police were going to be contacted. One of the witnesses wrote down the defendant's license plate number.

One witness related he was driving when he witnessed the defendant punch the victim several times about her head and body while she attempted to take the victim's purse. The victim would not let go of her purse and the defendant dragged the victim toward the defendant's vehicle. The witness pulled behind the defendant's vehicle and physically pulled her off the victim.

**OFFENSE SYNOPSIS (Continued)**

A second witness related hearing the victim crying for help outside. When the second witness looked outside, she saw the defendant violently attack the victim and physically drag her toward her car by her purse.

On October 1, 2015, the victim came forward and reported walking when the defendant confronted her, yanked her purse and was "clobbering" her about her head and arms. The victim showed the officer her healing bruises on her arms. The victim also provided the shirt she had worn on the day of the incident with the torn sleeve. She indicated being so traumatized by the incident that she would not be able to identify the defendant, as she was trying to cover her face during the attack. The victim also thought she may have lost consciousness for a second or two from being hit so hard.

On November 3, 2015, the defendant and the female passenger were located and transported to the Reno Police station for an interview. The defendant initially denied the incident; however, she later admitted knowing what he was referring to. She reported being kicked out of her house and feeling "dope sick." While she and the female subject were sitting in a parking lot, the victim seemed to be giving her dirty looks. The defendant got out of the vehicle and explained, "So, I just confronted her and it probably... it did go too far, like, I tried to fight her." She also stated, "Well, cause she pushed me, you know?" The defendant further indicated she lashed out, fought her, pulled on her and knew she was screaming. She stated she was not trying to take her purse and "I was just trying to fight the old lady, like, I hit her. Yes, I did. And she, you know, she hit me back or whatever." The defendant stated she told the witness who helped the victim to "mind your own business" and then left. The defendant also remembered hitting the victim in the throat, grabbing her by her arm and getting really angry with the victim because she was screaming and causing a scene in front of people. The defendant described the victim as being a "bitch" and continued to blame the victim for the fight. The defendant finally admitted she noticed the victim was old and frail, had a large Band-Aid on her face and may not have been "all there." She claimed she repositioned her car ahead of the victim's path and waited for the victim to catch up to her vehicle. She also admitted she planned on taking the victim's purse and thought it was going to be easier than it was. She remembered thinking "fuck her" when the victim attempted to hold onto her purse and she became angry at her. She stated she wasn't trying to kidnap the victim and only thought about getting the victim's money.

At the conclusion of the interview the defendant indicated she believed she had two "balloons" of heroin inside one of the pockets of her purse. A search of the defendant's purse revealed two balloons with a black tar-like substance. The substance tested presumptively positive for a total .49 grams heroin.

The female passenger told detective she and the defendant were parked and the defendant stated, "I'm about ready to rob somebody" because they were desperate for money. She indicated the defendant saw the victim and said she was going to rob the "little old lady." The female passenger gave a similar account of the incident as previously described and added the defendant got increasingly more violent with the victim and dragged her approximately 35 feet from where the incident took place. The female passenger related she felt very bad about what happened and it was traumatizing for her to watch. The female passenger appeared very emotional about what happened, described the defendant as a "bully" and believed the defendant should go to prison for what she had done to the victim.

The defendant was transported to the Washoe County Jail and booked accordingly.

**VI. DEFENDANT'S STATEMENT**

☐ See Attached ☒ Defendant interviewed, no statement submitted ☐ Defendant not interviewed

The defendant was interviewed in custody at the Washoe County Jail on August 9, 2016 by . She was apprised of her criminal history and agreed with the contents.

Regarding the instant offense the defendant stated she was paranoid about her pimp and the victim taking down her license plate. She indicated she was abused by her pimp and was physically sick from her pregnancy at the time. She reported she is involved in Kids Court, NA and AA. She has a "new love" to help others and wants to work with an adoption agency.

**VII. VICTIM INFORMATION/STATEMENT**

**VC2237511:** Although the Division attempted to contact the victim by mail and telephone to ascertain financial loss (if any), and obtain thoughts on sentencing, the requested information has not been received. If any additional information is received by the Division, it will be provided to the Court at sentencing.

**Total Loss: \$0.00**

Per the Police Reports:

On October 23, 2015, the detective received a letter that had been addressed to him and mailed to the Reno Police Department. The envelope was mailed from the victim.

The letter was dated October 20, 2015 and read as follows:

Detective:

"I want to thank you for your efforts for me. I did not understand how things work. No one I told the story to thought it was important. No one cared but you and (witness). I did not understand why you pursued me when you did not have her. My day had been so nice until this encounter. I was happy. I felt good both mentally and physically. Now I can't get it out of my thoughts. I hate to go to bed. I have awful dreams. I look at every white car and fear that I might see her somewhere or she might see me. The shock and fear is still with me. Sorry to bother you. You must be on another case now. Would you ask (witness) if he and I could meet sometime. I would like to thank him.

This was not a mistake. This was not something done from being stupid alone. This was not something out of character for her. It was a planned deliberate attack. I went into severe shock - loss of hearing - intermittent loss of sight - and the trauma remains. And no one will probable believe that she was going to abduct me. How slow my brain is - it took me this long to respond."

**VIII. CUSTODY STATUS/CREDIT FOR TIME SERVED**

Hello my name is Erika Dearman I am 32 years old. I am a recovering heroin addict actively going on 6 years clean. I have taken every measure to maintain my sobriety and to change my life for the better. The person that I was while in my addiction was a very dark person that was lost and broken. I turned to drugs to take away the pain I was suffering from with in myself. The drugs not only took away my pain but it also took away my soul. It changed me. It made me become careless, emotionless vessel. The crime I committed in 2015 was an attempted robbery and battery. I was never a violent person. I hate what happened that day. I believe in my heart it was my cry for help. Honestly it saved my life. I was sent to prison for this crime, I did 4 1/2 years in the woman's state prison. I took that time to deal with my pain and broken spirit. I completed multiple different programs offered in the prison but the one that really changed my way of thinking and improved my communication was the STARS program. I lived in that program for 17 months successfully completing it and becoming a role model and mentor to others. I learned how to deal with situations and saw the change happening in me. I was released back into society May 8th 2020. Since my release I have continued to work on my sobriety and found something I absolutely love, which is making people feel beautiful! Yes, I have made many mistakes, thankfully I have used those mistakes to become a better woman, daughter, and friend. I hope that you can see me for who I am today and not the person I was when I made those

**Bridget D. Castles**

**March 29, 2021**

**Dear Executive Director of the Nevada State Board of Cosmetology:**

**This letter of recommendation is to the Executive Director of the Nevada State Board of Cosmetology on behalf of Erika Dearman. My name is Bridget Castles. I am the adoptive mother to Erika's biological daughter.**

**My first contact with Erika Dearman was January 2016. This was during her third trimester of pregnancy while incarcerated. She made the decision to give birth to her daughter and place her for adoption with me and my husband. Our contact while she was incarcerated was frequent letters, occasional phone calls, and one weekend visit.**

**I believe that this major event (birth and adoption) in Erika's life has been a turning point for her. While I did not know her prior to her arrest, I currently have no reason to believe that she would go back to her previous lifestyle. I have watched her make huge progress forward by graduating from her courses (while incarcerated) and dealing with her past trauma and poor decisions.**

**One of her biggest reasons for not going back to drugs is that her date of becoming "clean" is the same as her daughters. Her baby was born addicted to methadone and went through severe withdrawal symptoms. Our daughter is now 5 years old. Erika desires to have a relationship with her daughter, and we are open and willing to build that relationship. In fact, we welcomed Erika into our home (with three young children) for a week in February 2021 because we truly consider her a part of our family.**

**She has shared her plans and dreams for the future with me. One of those was to complete her Aesthetician license. She did not waste any time getting started, and I have watched her work hard to reach that goal. I have no doubt that this is just the first step towards a career she is passionate about. I sincerely believe that Erika will continue to make progress and move forward in her life.**

**Sincerely,**

**Bridget D. Castles**

Please provide a typed statement: Hello. My name is Ashlee Abney and I am now 27. My incident that led to a felony happened in November 2019. I cut a young lady who was attacking me. She was a friend who fought her frustration by fighting. I am not a fighter so I didn't know any other way to defend myself at the time, but with a weapon. I didn't stab her but she did get close enough to get a cut. I went down for this

...but she did get close enough to get a cut. I went down for this because I made a deal of not going to jail. If I would have went to court and fought this case, I would have had to sit in jail the whole time and that could have taken months.

I have definitely learned my lesson. I feel terrible about the trauma I could have put into the victim and I've been going to therapy to get me through whatever lead me to make the decision to pick the knife up in the first place. I am not a violent person and I hope and pray that I get this second chance of going back to school.

## Felony Document Submission - U-104826

---

Tue, Jun 8, 2021 at 9:18 AM

Hello Kyleigh,

I am contacting you regarding your felony document submission. Please see the message below from our executive director. You can petition the board here: <https://nvcosmo.typeform.com/to/A7IOA3> . If you have any questions, please let myself or \_\_\_\_\_ know.

Thank you

*Dear Janie,*

*I have read every file in Ms. Kyleigh Schauer's folder. After careful consideration, I cannot grant Ms. Schauer the right to receive her cosmetology license since she has a violent crime as a part of her past sentencing. Please let Ms. Schauer know that she can file to appear before the Board of Cosmetology at the next Board meeting to ask the Board to overturn my decision. You may inform her that I cannot grant a license to anyone convicted of a violent crime and that the Board is the only group that can grant her the right to obtain a license.*

*Sincerely,*

*Executive Director*

The day they went to visit us the person who open the door explain that she was there to clean because we where going to open that week by appointments only how is required but everything had to be disinfected and clean after a been close for such a long time, the second time some one went which was the next day the cleaning ladies had instructions not to open because the salon was close to the public and the inspector was really rude and racist to me, do to the pandemic is been really hard to keep our new salon in business and its really sad that instead of getting help we are getting pressured for something we didn't do, we are not even making it to the rent and bills every month, if they had a real reason for us to get fined then yes we would pay but we had no one without a silence working for us, we have a sign that shows open even during quarantine because is really high up and we can't reach to turn it off and I explain that in my emails. We please ask for our case to be revised and please help us solve this problem I really don't thing we did something wrong and we can't pay the fine right now because of the situation.

Appeal a Violation (Dispute the inspection report findings)
- **Please describe in detail the reason for disputing the violation.**  
On Wednesday March 31st, 2021. I had been dropping off my resume and introducing myself to stylists. I have no intentions to secure a stylist job, but to introduce myself and leave my resume to allow myself to line up a job opportunity after taking my state board test. Krystal was working on her client in her business studio. I had quickly dropped off my resume and introduced myself. She was very nice and working on her client while speaking to me (social distance). Krystal asked me where I have gone to school and where I am currently working & my plans to take my state board exam. Not once did she have me working on anyone or touching anything chemical. Moving forward, Krystal had mentioned how Paul Mitchell blow dryers are extremely heavy and time consuming for a stylist to work on since I had attended Paul Mitchell the school. Krystal mentioned "how amazing a 10x bio-ionic blow dryer is to invest. Not only does it weigh less than 1 pound and dry hair 50% more powerful than an average dryer and uses 75% less energy than an average blow dryer". She had offered to show me how light and easy the blow dryer is. She also mentioned how there was a sale going on and I can save 50% off. At that moment Michelle from the state board had walked in while I was holding onto that blow dryer. Not once did I have any chemical such as Color, bleach, perm solution, or anything hazardous. I for a fact had a blow dryer in my hand and that's it. I had to remove myself to use the ladies room for my menstrual cycle.  
As a woman it's our duty to clean ourselves and there was no harm removing myself from using the ladies room. Afterwards, I had looked for Michelle to speak to her after using the ladies room. The first sentence Michelle had said was "why did you run away from me". I completely was shocked and upset. I stated how I had a ladies emergency due to my menstruated day. Michelle proceeded to look at me and tell me that I'm working on a client. I had told Michelle that I was only testing out her blow dryer that I do not work for her or apprentice. She then proceeded to tell me to call my school and not once said anything after that. I understand she has a duty to do her job and I have a duty to do my own job as well. I found it very unprofessional that I was accused of running away but I still came to look for Michelle as a grown adult. I have not once worked for anyone. I have my own job at the strip and I believe it's so unfair that the moment Michelle walked in was when I was holding on the blow dryer. Now, I would understand why I would have a citation if I had any chemical services in my hand or if I was doing a service for a guest. But not once was I touching or giving a service to anyone. It's for a fact that I was holding a blow dryer and there is no evidence of a picture or an explanation in my citation on what I was doing to that guest. I had immediately left afterwards to avoid any trouble with Krystal. Not once were my intentions to touch anyone or work any services on anyone. I was just dropping off my resume and I do not see any harm or breaking any regulations.
- **What is the violation number?**

Hair service performed by unlicensed individual.

Yes

  - **Please specifically reference the Nevada Revised Statutes (NRS) and the Nevada Administrative Code (NAC) that you request to have reviewed by the Board.**  
N/A
  - **Please summarize the requested review or modification to the NRS or NAC.**  
Remove citation or reduce citation payment.
  - **What are the expected or anticipated benefits if modified?**  
removing citation will be fair because I know I did nothing to break the law and receive \$1,000 citation in the middle of a pandemic.

ST-101123 was working in salon unlicensed assisting another Cosmetologist with brushing and blowdrying hair. (Also violating Covid 19 guidelines) She ran away to the bathroom when I asked for her name after she did not retrieve a license when asked, nor would she give me her name. I waited for several minutes and eventually I got the name from Krystal Diverson, the person she was assisting (she told me her name was Fedra) I let Diverson know that Fedra does not have a license, and cannot be assisting her. Fedra found me later in the salon and confirmed her name was Fedra Valdez, and admitted she was a student. She told me she wasn't running from me, and followed me around the salon, insisting she had "another job" and was "just helping her" and begged for there to be no consequences. I told her I report all information that I see, and that fines associated are not a negotiation. I gave her the board contact information that she requested and continued the inspection.

- **Please describe in detail the reason for requesting a reduced fine amount.**  
Hi , I have been unemployed for over a year, I was attempting to work again because I am financially struggling, my husband lost his job and I have a license so I decided to look for a location however the location I came across assured me it was a licensed salon establishment renting out rooms and that all I needed was my basic business state license and my cosmetology license I was just trying out the location and getting a feel for it to potentially establish myself there . I was at that location for the first time practicing a service free of charge . That was the first and last day I was there . That day I was there Michelle walked into the room asking for "glamour" I assumed she was a lost client, I communicated with her that I didn't know anyone there. Michelle left the room looking for the other person and then barges back into my room and starts to question me on different licensing, because she didn't introduce herself as part of the board I was still under the impression she was a lost client so I asked her what she needed. She asked me if I was licensed and I said "yes, I am currently in the middle of a service can you come back ?" And she said "no I am from the board and this is my area" I noticed she was recording me the whole time unannounced in the most sneaky way , she was holding it up against her chest as that is illegal and I asked her to leave . I told her I was going to take a picture of her and record her so I can have my own proof . I recorded her and captured the way she was secretly holding the phone to record me it captured the lack of professionalism in her part .  
I have had a license for over 5 years I have never had a problem. I was attempting to go back to work as it is very hard due to the pandemic. I ask to have these fees waived in good faith . I am not working and have no money .  
Thank you.

#### Request a Review of the Nevada Revised Statute or Nevada Administrative Code

- **Please specifically reference the Nevada Revised Statutes (NRS) and the Nevada Administrative Code (NAC) that you request to have reviewed by the Board.**  
(NAC 644.700)
- **Please summarize the requested review or modification to the NRS or NAC.**  
It was unethical for the agent representing the board to barge into a room unannounced that does not introduce herself as part of the board and starts to record you in a sneaky way . I felt attacked and asked her to leave because of her approach . The room not being approved by state board should not be my fine. I was unaware that room was not approved and under the impression it was a salon establishment, I was there only that day .
- **What are the expected or anticipated benefits if modified?**  
It is hard to find work these days and having agents play their role the way Michelle did only puts a hold on hope in humanity . I am a mother and have no money. My only hope was attempting to start working with my license and now that is being taken away from me because of a I unreasonable \$1500 fine .

The license expired 2 days before the visit from the Board. We have never been late with renewing our licenses at either of our salon locations. The main reason for us being late with our renewal payment was related to the Covid-19 shutdown and the stress of reopening and making sure our staff and clients were protected and taken care of. We are usually very diligent with payments and renewals and would have never been late if it wasn't for the related chaos related to the closure. We understand that a fine must be assessed but \$200, which would be what we pay for a 2 year renewal, seems excessive. Especially with us sufferings the loss of 2.5 months of revenue. We appreciate your time and consideration.

- **Please describe in detail the reason for requesting a reduced fine amount.**  
I am requesting a reduced fine amount because, though I didn't maintain a current business license through State Board, it was not an intentional act. I have been in the industry as a renter in other salons and had never had to do more than my nail license. This added business license was a complete oversight on my part. I have always been compliant and have never had even the smallest citation. With Covid, I am barely working and the fine is more than I can handle, especially when combined with the license fee. Is there any way to have it waived due to never having had any other offenses over the years? I will make sure it doesn't occur again. Thank you for your consideration.

I had a employee that wasn't licensed. When I recruited her, she was already braiding hair in another hair salon. I went to that salon quite frequently. On one of my visits, she expressed how unhappy she was working there. So I extended the offer of her working in my salon. I assumed she was licensed because she was already working in the suites.

On that day, we were remodeling our salon and cleaning up the back of the cabinets. The owner threw in there a lot of stuff. We took them out and put into the trash can in order to throw away the day after. However, the inspector came in and took that tool out of the trash can to take the picture to issue us a citation V3137248. That's not right. We were remodeling the salon, changing the title and the equipment in the salon. We were not done remodeling yet, so we had not thrown the trash away, not like we were using it on our customers. I hope the Board can consider it. Thank you.

Regarding the citations V3137243, V3137244, V3137246, and V3137247, those spa jets in the pictures belonged to the old owner. We never used them and put them into the back of the cabinet, but the cleaning lady didn't know and she put them in the spa chairs, not the new spa jets we often use in the salon. We are using all new spa jets, not those old ones because we were remodeling the salon. Regarding the stuff inside the drawers, they all belonged to the <sup>previous</sup> owner, we were not cleaning them up yet at that time. Also, the nail file machine is old one and we don't use it. It has been inside the drawer for a long time. Because we had to clean up the whole salon and also to change the floor. We look forward to your consideration. Thank you very much.

I am being fined for "running a salon" in my home without license. I picked up nail art as a hobby during quarantine, grew a following on IG, but never as a business. I am having trouble understanding the situation, I was not aware that nail art isn't allowed at home. I am a full time college student and do not have the funds to pay \$2k.

I have received a letter informing me of violations that have been reported to the board of cosmetology. I would like to appeal those finding on several accounts. I did start a nail page, but not once have I received any money of any kind for any nails that have been posted on my page. That page has now been permanently deleted and I will no longer be doing any kind of nails for immediate family or close friends. Every single nail picture has been a immediate family member or close friend. I can provide statement from each person that proves I have not received any money and that it was just me doing nails for the fun of it. I am currently in school and work night shift from 7pm at night to 7am in the morning 3 days a week. As for school I attend 3 days a week, therefore I have no time to be running a nail salon with only 1 day off to do homework and study. The address listed where I received the letter is my current home where I am living and there are 24-hour camera surveillance that can prove I do not have anybody but family and friends come in at any time. If needed a full inspection of my home can be done, I have no nails supplies and I am not running a salon or providing nail services inside this home or anywhere. I have a current nursing assistant license that allows me to provide nail care under the state of Nevada which is why I did my immediate families or close friend nails and I can also provide proof of license and scope of practice.

I was reported to the state board false accusations that I am operating a salon without a license and individual practicing without a license. Everyone who I practiced on was free of charge and for my portfolio, I have 20 hours left until I graduate and I wanted to make my portfolio as big as possible. I do not run an eyelash class, I posted eyelash promotions on my Instagram for when I graduate to recruit fellow fresh graduates to do group training altogether to share what we know with one another. This is all my grad preparation for when I get into the field. When I did practice I practiced at my friend(s) houses. I do not operate a salon.

I have a violation for "operating a salon without a license": in which i have no means of any salon that is being operated. Of course I do not have a license, but I am not employed nor working at any salon. I also have another violation for "practicing without a license or certificate": I am currently in school at euphoria in which I do services at school or on my own time with my classmates in which we do not exchange service for money, nor have I been in any contact with exchanging services for money with anyone, in which I do have messages or phone calls pertaining letting people know I do not have my license and not taking services as of right now. I do have an eyelash page that had pricing and pictures posted but have no exchange any money in return I am simply preparing the page for when I graduate which is set to be Feb 16, 2021 in which our teacher had told us to get our business pages ready. I did not advertise on there that I was available for services and i did inform anyone who inquired that i will not do them. If i could get charged for that but it be reduced i would appreciate that since i did not mean to mislead people into thinking i was available. Overall, I did not operate a salon or exchange a service for money. please i hope you hear me out

I received a cease and desist notice from your board, I have no clue who turned me in for running a salon or why they did, but I can assure you, that is not the case. My best guess is it was my husband's baby mama. We are going through a nasty court battle with her at the moment, this is not the first time we have had something like this happen in the last few years. She has also filed bogus restraining orders on us, among other things just to cause stress and strife.

I am a stay-at-home mom of 4, my youngest is 9 months and still nursing, I also homeschool. I started doing my own nails and my 11 year old daughters back in March 2020, when everything closed down. My daughters best friend asked me to do hers at one point. Then her mom, who is a close friend of mine. After that a few of my close friends started asking me if I would do their nails, and that's where its at now. In total I do 6 of my closest friends nails. My "salon" is a \$20 desk I got at a yard sale in the corner of my our playroom/homeschool room, my friends joked and called it my "nail salon", one was sweet enough to make me a sign for my birthday to hang above my desk but it was nothing more than a joke between the handful of us. My daughter suggested I make a nail Instagram page to share the nails we created with our friends and family who live out of town/state, again, we jokingly called it MTZ Basement Salon, (our last name is Martinez, my husband and I have personal plates with MTZ on them, that is the quirky "abbreviation" we came up with for our last name). Since receiving your notice I have requested Instagram delete the account.

Three of my friends came to me on behalf of people they knew, asking if I was interested in doing more people, I declined. I have no desire to run a full salon out of my home/basement. This was all just for fun, a small hobby I started doing when everything closed down due to Covid. Something to occupy my time and energy since I now had so much free time with my kids not having school or sports. Nails were always a passion of mine and something I love and enjoy, when I was in little my mom did nails at a salon in Vegas. I have two girls and it's something we enjoy doing together, my 11 year old pre-teen and I have especially bonded over it. At the end of last summer I talked to my husband about getting my nail license, I searched for schools, even online ones, but unfortunately there are none in my area and I have yet to find one I could do all hours online and then the test at a school. I would love to get my nail license, not to work at a salon or from home, my husband has a good job so it's not about the money, but just because it's something I enjoy, it's something for myself outside of being a full time wife and mom.

I sincerely apologize, I honestly didn't think I was doing anything wrong, this is not something I do full time by any means, or even part time for that matter. Even the handful of close friends I have it's sporadic and hard for me to

keep up with because of kids, husbands work schedules, and now with sports going on and summer traveling. I realize I made a mistake and even though it was an honest one, I'm now aware of my wrong doing and asking if I could please get the \$2,000 fine waived? Although I have lightly looked into getting my license before, this has really sparked my ambition to dig deeper into how/where I can get it achieve that.

Hello, I have not been operating a salon without a license, I received my license mid of February and started practicing (since we barely received training in school) without charging for services, in order to get more comfortable AND to use it as marketing material. I have been talking to multiple brokers to rent a spot (currently leaning towards town square) which I can proof. I am going to be in Europe all of July so I am opening my own salon August 1st. I started advertising online and posting on social media so that it makes the impression that I am an established business rather than new and I'm fully booked until August (creating the feeling that I'm popular). I am scheduling clients out to August which means once I commit to pay more than 1k in rent, I will at least have some clients ready to go. I just use the strategies I learned when I received my bachelors in business administration. I would like the opportunity to explain further in person. Respectfully, Kate

- Student checked in for her Theory exam on 5/26/2021 at 7am, she was asked to lock her cell phone in the State Board office secure bags and she complied.
- Student failed with a 61% and rescheduled for later that day at 11am.
- Student checked in for her Theory exam the same day at 10:35 am, she was asked to lock her cell phone in the State Board office secure bags and she told JiaWei Yu (Specialist team member) that she did not bring her cell phone.
- She was checked in at signed in for her Theory exam at testing station 5.
- JiaWei noticed that the student kept looking out to the window to see if we were watching and then back at something in front of her.
- At about 10:53 am Lauren Gossage (Specialist team member) was asked by JiaWei to check the cameras in the testing room, specifically station 5 where Taylor Summers was seated.
- Lauren went over to our front Kiosk desk and noticed that the student at station 5 was watching the window and fidgeting with something and adjusting herself in her seat while she continued to look back at staff through the window.

- Lauren then proceeded to notify Bertha Jackson (Lead Service specialist-Vegas office) to check the cameras as she was having trouble loading the video.
- The video was checked and at approximately 10:38 am on 5/26/2021, Taylor Summers is seen taking her sweater off and looking down at something between her legs, then pulling a phone from her lap and placing it on the desk of station 5.
- In the same video Taylor Summers is seen looking over towards the window at staff numerous times throughout her exam.
- When Taylor completed her exam, the system issued an error and her scores were not coming through, she was asked by Lauren if she could unlock her bag with her cell phone in it and Taylor told her that she had left it in her car.
- Lauren told Taylor Summers of the error and that we could call her when the scores came through.
- Taylor said that she lived too far and that she would just wait, she then left to her car and came back to wait in the office lobby.
- Taylor waited for about 3 minutes then said that she would be back later in the day and left the office.
- Taylor scores came in with a passing grade of 83%.
- Bertha Jackson then called Taylor Summers around 11:49 am, to let her know that that we would not be able to issue her a license and that she would need to petition the board since she was seen using her phone during the exam.
- Taylor asked if I (Bertha) was sure and I told her that I was looking at the footage where it shows her pulling out her phone.
- Taylor then told me that she did not have her phone and I was assuming she did. I explained again that I saw her at station 5 pulling the phone out with her left hand and placing it on the desk.
- Taylor then said that she was checking on her newborn baby.
- Asked Taylor to petition the board for approval to either allow her to get her license or retest.

Taylor Summers took the theory exam at 7am on 5/26/21 and failed it. She wanted to retake it again right away at 9am. When she walked into the office for her 2nd theory exam, Taylor Summers was told that her cellphone needs to be locked before the exam. Taylor Summers said she didn't bring her cellphone. While I was working at the kiosk, I saw Taylor Summers always look back at us or look at the window to see if we were watching her. She took off her hoodie then wore it on again a few minutes later. The way she acted made me feel there must be something going on since I also saw she was looking at something between her legs. I notified Lauren via google chat to pull the camera and double check as she was rating the practical exam. The system had an error and we didn't receive her score right away. She was told her theory score could be sent to her via email. But she said she wanted to wait. During the time, Taylor Summer went back to her car and came back to the office a couple minutes later and left again. Lauren contacted Bertha to check what Taylor Summer was doing at station 5. Bertha called her after she was caught by the camera.

to me

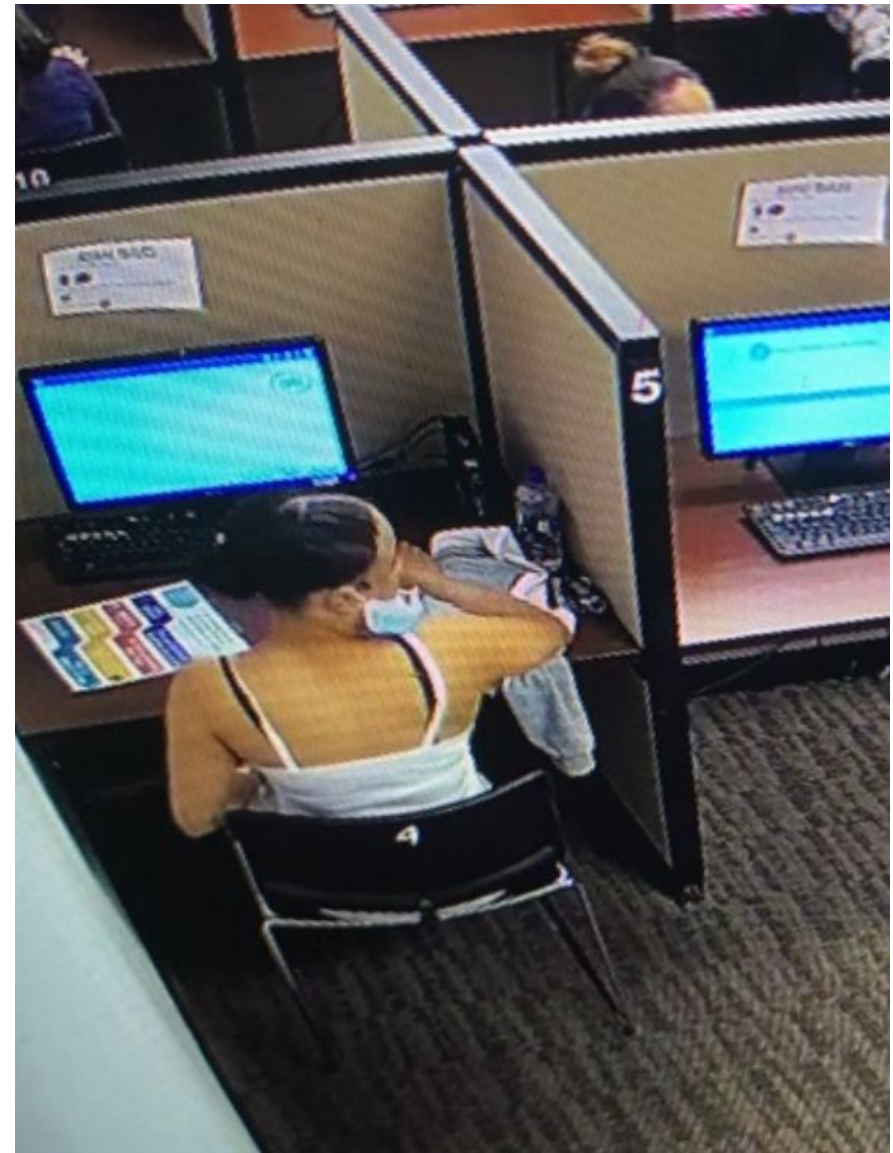

I was notified at 10:53am on 5/26/21 by JiaWei to please check the cameras in the testing room for station number 5. I went over to the Kiosk where JiaWei was sitting and noticed that Taylor Summers was watching us intensely. She continued to fidget and adjust herself as she continued to look back at us to see if we were still watching her. I notified bertha to pull the cameras for station #5 as they were not pulling up for me (Lauren). Taylor finished her exam while the cameras were still being pulled. On 5/26/21 when any testing applicant was done, the system would turn into an error state as all test scores were not coming through to nycosmo. I asked Taylor if I could unlock her phone from the lock bag while she waited and she held up her hands stating "I don't have my phone, I left it in my car". I explained to her that since the system is in an error state we have to contact the testing company to verify the test score. I explained that if she did pass we would be able to take payment over the phone and mail out the license or she is welcome to come back to pay and pick it up. Taylor became agitated and stated that she lived too far away to come back. She wanted to pay for the license and did not want to wait for the score from PSI. She left to her car to get her phone and came back inside to wait. Taylor waited for about 3 minutes before she told us that she would be back later in the day to see if we had received the score. Once Taylor left it was confirmed that she had her phone out and while during her written exam. Bertha then called Taylor to notify her of the findings.

She was caught pulling out her phone during the exam. I called to let her know that we would not be able to issue her a license and that she would need to petition to the board to see if they will allow her to get her license. She asked if I was sure it was her. I told her that I was looking at footage with her pulling out a phone with her left hand. She then said that she didn't have her phone and that I was just assuming she did. I again told her that I was looking at footage of her at station 5 taking a phone out of her left pocket. She then changed her story and said that she was checking on her newborn baby. I told her that she would need to petition the board for approval. She then asked if the board doesn't care that she has a newborn at home. I again told her that she would need to petition and that the next meeting is in July. She wanted to meet sooner, told her that is when the next meeting is. She said thank you and hung up. Her score went from 61% this morning at 7am to 83% at the retake at 11am.-bj

Appeal a Violation (Dispute the inspection report findings)
- **Please describe in detail the reason for disputing the violation.**  
The day they went to visit us the person who open the door explain that she was there to clean because we where going to open that week by appointments only how is required but everything had to be disinfected and clean after a been close for such a long time, the second time some one went which was the next day the cleaning ladies had instructions not to open because the salon was close to the public and the inspector was really rude and racist to me, do to the pandemic is been really hard to keep our new salon in business and its really sad that instead of getting help we are getting pressured for something we didn't do, we are not even making it to the rent and bills every month, if they had a real reason for us to get fined then yes we would pay but we had no one without a silence working for us, we have a sign that shows open even during quarantine because is really high up and we can't reach to turn it off and I explain that in my emails. We please ask for our case to be revised and please help us solve this problem I really don't thing we did something wrong and we can't pay the fine right now because of the situation.

to me, Leah

When inspecting S-187635, the door was locked. I knocked and after several seconds I was let inside.

A woman answered and tried to get me to leave after I stepped inside, insisting she was only a cleaning lady (Karin) that comes by occasionally, and that today she was just cleaning the salon. She asked me to leave and come back when a manager was there. I stayed and told her it would be quick and she agreed. I asked her if she was having any customers today because she was "just cleaning" and she told me, "I don't know, maybe a customer today." I let her know if she's only cleaning, she shouldn't be taking any customers.

She told me again she doesn't do any services, however, a woman came in and was waiting in the front in the customer area presumably for a service (picture attached.) I asked her about the pedicure/nail area and who worked there and if she knew where the Nail Tech's license was. She told me, "I don't know her name, she usually comes at 3." I then asked for the nail tech's name, and she said she didn't know. I asked her about who else works at the salon and she gave me the two names (Sofia and Rosalba) that were listed in the app. She told me there was a third person who the nail cart belonged to but did not know her name or if she had a license.

I asked for the name of the person I was speaking to and she told me it was Karin.

As I was leaving, I noticed another woman coming to the salon and knocking on the door. I waited for several minutes but the woman was not let in.

I believe Karin is performing unlicensed services, given she was wearing the salon's shirt, she had two customers waiting, and that there was no license by the nail section and that she claimed that she did not know the name of the woman who worked there. Additionally, she repeated multiple times she only cleaned, but then also told me she might have a customer today. Karin also was not wearing a mask when I was speaking to her in the salon.

- 3:21pm Owner (Sophia Diaz C-28477) and male individual enter the salon.
- 3:23pm I was able to enter the salon and the only ones in the salon were Sophia Diaz and the male individual. I explained to her that I saw several people come and go from her salon and when I tried to enter the salon I was not allowed access. I told her that I saw possible unlicensed activity and she stated that the individuals inside the salon were "cleaners". I then asked why were there so many people coming and going from the salon when there were only "cleaners" inside the salon? She did not have an answer. I explained to her that I was going to write up a citation for unlicensed workers and not allowing me access to perform an inspection. I then left the salon.

There was a back door to the salon, so I am assuming the individuals in the salon went out the back door.

ST-101123 was working in salon unlicensed assisting another Cosmetologist with brushing and blowdrying hair. (Also violating Covid 19 guidelines) She ran away to the bathroom when I asked for her name after she did not retrieve a license when asked, nor would she give me her name. I waited for several minutes and eventually I got the name from Krystal Diverson, the person she was assisting (she told me her name was Fedra) I let Diverson know that Fedra does not have a license, and cannot be assisting her. Fedra found me later in the salon and confirmed her name was Fedra Valdez, and admitted she was a student. She told me she wasn't running from me, and followed me around the salon, insisting she had "another job" and was "just helping her" and begged for there to be no consequences. I told her I report all information that I see, and that fines associated are not a negotiation. I gave her the board contact information that she requested and continued the inspection.

- **Please describe in detail the reason for disputing the violation.**

On Wednesday March 31st, 2021. I had been dropping off my resume and introducing myself to stylists. I have no intentions to secure a stylist job, but to introduce myself and leave my resume to allow myself to line up a job opportunity after taking my state board test. Krystal was working on her client in her business studio. I had quickly dropped off my resume and introduced myself. She was very nice and working on her client while speaking to me (social distance). Krystal asked me where I have gone to school and where I am currently working & my plans to take my state board exam. Not once did she have me working on anyone or touching anything chemical. Moving forward, Krystal had mentioned how Paul Mitchell blow dryers are extremely heavy and time consuming for a stylist to work on since I had attended Paul Mitchell the school. Krystal mentioned "how amazing a 10x bio-ionic blow dryer is to invest. Not only does it weigh less than 1 pound and dry hair 50% more powerful than an average dryer and uses 75% less energy than an average blow dryer". She had offered to show me how light and easy the blow dryer is. She also mentioned how there was a sale going on and I can save 50% off. At that moment Michelle from the state board had walked in while I was holding onto that blow dryer. Not once did I have any chemical such as Color, bleach, perm solution, or anything hazardous. I for a fact had a blow dryer in my hand and that's it. I had to remove myself to use the ladies room for my menstrual cycle.

As a woman it's our duty to clean ourselves and there was no harm removing myself from using the ladies room. Afterwards, I had looked for Michelle to speak to her after using the ladies room. The first sentence Michelle had said was " why did you run away from me". I completely was shocked and upset. I stated how I had a ladies emergency due to my menstruated day. Michelle proceeded to look at me and tell me that I'm working on a client. I had told Michelle that I was only testing out her blow dryer that I do not work for her or apprentice. She then proceeded to tell me to call my school and not once said anything after that. I understand she has a duty to do her job and I have a duty to do my own job as well. I found it very unprofessional that I was accused of running away but I still came to look for Michelle as a grown adult. I have not once worked for anyone. I have my own job at the strip and I believe it's so unfair that the moment Michelle walked in was when I was holding on the blow dryer. Now, I would understand why I would have a citation if I had any chemical services in my hand or if I was doing a service for a guest. But not once was I touching or giving a service to anyone. It's for a fact that I was holding a blow dryer and there is no evidence of a picture or an explanation in my citation on what I was doing to that guest. I had immediately left afterwards to avoid any trouble with Krystal. Not once were my intentions to touch anyone or work any services on anyone. I was just dropping off my resume and I do not see any harm or breaking any regulations.

Request a Fine Reduction with Good Cause
- **Please describe in detail the reason for requesting a reduced fine amount.**  
I had a employee that wasn't licensed. When I recruited her, she was already braiding hair in another hair salon. I went to that salon quite frequently. On one of my visits, she expressed how unhappy she was working there. So I extended the offer of her working in my salon. I assumed see was licensed because she was already working in the suites.
- **Would you like to upload photographs or documents for the Board to review?**  
No

Translated by Lisa Nguyen - Compliance Specialist:

On that day, we were remodeling our salon and cleaning up the back of the cabinets. The <sup>previous</sup> owner threw in there a lot of stuff. We took them out and put into the trash can in order to throw away the day after. However, the inspector came in and took that tool out of the trash can to take the picture to issue us a citation V3137248. That's not right. We were remodeling the salon, changing the tile and the equipment in the salon. We were not done remodeling yet, so we had not thrown the trash away, not like we were using it on our customers. I hope the Board can consider it. Thank you.

Regarding the citations V3137243, V3137244, V3137246, and V3137247, those spa jets in the pictures belonged to the old owner. We never used them and put them into the back of the cabinet, but the cleaning lady didn't know and she put them in the spa chairs, not the new spa jets we often use in the salon. We are using all new spa jets, not those old ones because we were remodeling the salon. Regarding the stuff inside the drawers, they all belonged to the <sup>previous</sup> owner, we were not cleaning them up yet at that time. Also, the nail file machine is old one and we don't use it. It has been inside the drawer for a long time. Because we had to clean up the whole salon and also to change the floor. We look forward to your consideration. Thank you very much.

Your typeform Petition to Appear before Board has a new response:

Appeal a Violation (Dispute the inspection report findings)
- **Please describe in detail the reason for disputing the violation.**  
I have received a letter informing me of violations that have been reported to the board of cosmetology. I would like to appeal those finding on several accounts. I did start a nail page, but not once have I received any money of any kind for any nails that have been posted on my page. That page has now been permanently deleted and I will no longer be doing any kind of nails for immediate family or close friends. Every single nail picture has been an immediate family member or close friend. I can provide statement from each person that proves I have not received any money and that it was just me doing nails for the fun of it. I am currently in school and work night shift from 7pm at night to 7am in the morning 3 days a week. As for school I attend 3 days a week, therefore I have no time to be running a nail salon with only 1 day off to do homework and study. The address listed where I received the letter is my current home where I am living and there are 24-hour camera surveillance that can prove I do not have anybody but family and friends come in at any time. If needed a full inspection of my home can be done. I have no nails supplies and I am not running a salon or providing nail services inside this home or anywhere. I have a current nursing assistant license that allows me to provide nail care under the state of Nevada which is why I did my immediate families or close friend nails and I can also provide proof of license and scope of practice.

Appeal a Violation (Dispute the inspection report findings)
- **Please describe in detail the reason for disputing the violation.**  
I was reported to the state board false accusations that I am operating a salon without a license and individual practicing without a license. Everyone who I practiced on was free of charge and for my portfolio, I have 20 hours left until I graduate and I wanted to make my portfolio as big as possible. I do not run an eyelash class. I posted eyelash promotions on my Instagram for when I graduate to recruit fellow fresh graduates to do group training altogether to share what we know with one another. This is all my grad preparation for when I get into the field. When I did practice I practiced at my friend(s) houses. I do not operate a salon.

Milan Institute of Cosmetology informs all students that they risk ever being able to get their license if they work on anyone outside of the school. Milan instructs students that they work under their instructors licenses when working on friends, family or the general public and that these services happen on campus under instructor supervision. Services are not to be provided outside of school until students are a licensed graduate.

Thank you

## Get to know me, why I started my business.

by Marisa Rodriguez August 1, 2020

As an esthetician my goal has never been to sell my services or products for the pleasure of income but rather the please of making others feel beautiful in their skin. You only have one skin! Take care of it! In my teenage years I used to be so insecure with my skin, I'd wear foundation and it would look so lumpy and cakey on my skin! I used to be so embarrassed of my skin texture. As I journeyed into the world of esthetics and skin care I've learned so much about taking care of yourself, your skin, doing things to still be naturally beautiful rather than layer makeup on myself to TRY to feel beautiful! From facials, chemical peels, making my skin glow, to adding lash extensions or throwing on a pair of strip lashes; I've learned feeling beautiful begins with the simplicity of taking care of your body and learning to love yourself! I hope I could too, help and join your on your journey to feeling beautiful and comfortable in your own skin!

Xoxo, Mari!

I received a letter regarding 2 violations, and i want to dispute it because i only do facials for my family and i received a certification to do facials for my family only, not as a business. I don't have a business i just post pictures on my beauty page of what i have done on my family. I plan on starting a future microblading business and becoming an aesthetician. I wouldn't want to get fined for something im not intentionally doing. Thank you for your time

**CEASE AND DESIST NOTICE**

Dear Ms. Kalaitzis,

Be advised that the Nevada State Board of Cosmetology ("Board") has been notified of your unlawful activities in the State of Nevada.

Pursuant to Chapter 644A of the Nevada Revised Statutes ("NRS"), the practice of cosmetology, including the practice of shampoo technology, esthetics, hair design/braiding, and/or nail technology, is subject to the protection and regulation by the State. Further, the State has entrusted the power to regulate and enforce the practice of cosmetology to the Nevada State Board of Cosmetology.

The Board has obtained information that you are engaged in the practice of cosmetology without being licensed to do so. Specifically, you are advertising for and performing esthetician services in a location not authorized by the Board, and operating an unlicensed salon which is regulated under the purview of the Cosmetology Board.

Predicated on the aforementioned, this correspondence shall serve as a demand that Aikaterini Kalaitzis/kateaglaia.aesthetics/https://www.kateaglaia.com/ immediately cease and desist from conducting unlicensed activity, namely advertising for and performing esthetician services in a location not authorized by the Board, and operating a salon without being licensed in the State of Nevada.

Hello, I have not been operating a salon without a license, I received my license mid of February and started practicing (since we barely received training in school) without charging for services, in order to get more comfortable AND to use it as marketing material. I have been talking to multiple brokers to rent a spot (currently leaning towards town square) which I can proof. I am going to be in Europe all of July so I am opening my own salon August 1st. I started advertising online and posting on social media so that it makes the impression that I am an established business rather than new and I'm fully booked until August (creating the feeling that I'm popular). I am scheduling clients out to August which means once I commit to pay more than 1k in rent, I will at least have some clients ready to go. I just use the strategies I learned when I received my bachelors in business administration. I would like the opportunity to explain further in person. Respectfully, Kate
