Lost proof of schooling. School in Denver, Colorado is no longer in business. Unable to provide requested schooling hours documents because of this. However, currently licensed in NM, AZ, CA and TX. Asking for help in obtaining NV reciprocity. Does documentation from these states not have required information?

I attended Victoria Beauty College which is in the banned list of NV State Board. I would like to petition for the Board to take a consideration to give me the credit hours in order for me to study in Nevada less than 600 hours as per requirement for Nail Technician in Nevada. Hello,

Please review my application again to transfer my license from California to Nevada. I believe there was a clerical error that caused my application to be denied. The school that I went to in 2004 shares the same name as another school in California that is not recognized by the state of the Nevada.

The address of the school that I went to is [9324 East Garvey Avenue, Suite H, South El Monte, California 91733](#) and is not the same address as the school that's been banned from Nevada. The director of my school was Scott Yang and the director of the blacklisted college is Kirk Yang.

I had spoken to a representative from the Nevada State Board of Cosmetology who helped guide me through the steps for this appeal and was also told to include my "station number" which I believe is my application number: U-102012.

Thank you.

Upon my recent request to transfer my aesthetics license from the State of Alaska to the State of Nevada I anticipate that you may have some concerns regarding my criminal history. I would like to take this chance to explain to you the charges that appear on my background.

Since I was a teen I have always had a stable job and had employees and co-workers who admired me. I have been recommended for raises and job advancements due to performance and personality many times. I have worked in many different professional settings from childcare facilities to rotational oil field positions and many others in between. I have always considered myself a very hard worker and go getter and always enjoyed going to work on a daily basis and being a part of a team. I have always set goals and dreams for myself that were reasonable and achievable with dedication and hard work and I would like to think I have always done a very good job working to achieve them. Most would tell you that I have always worked my hardest to earn my money and make a successful living.

When I was 20 years old I was working in Alaska in a small oilfield town by the name of Prudhoe Bay. I worked a 2 week on, 2 weeks off schedule. I was making very good money, had just bought a brand-new Jeep, had my own apartment and was doing very well for myself. I was proud of myself and how much I had accomplished by this age, when most of my friends were still living at home with their parents trying to figure out life. Right around the time I turned 21 years old I met a guy who was a bit older than me. This guy influenced me to become someone I truly was not and took my life in a whole different direction than I was accustomed to. At the time I was not aware of who he truly was, what kind of person he would be to me, what he had been through and the troubles he would cause in my life. I was blindsided by the lies and cover ups this person used to disguise himself as a good person. I dated this individual for only 6 months but that was plenty enough time for him to show his true colors and make careless choices that would bring me down with him.

The individual I was dating was physically, mentally and verbally abusive to me daily. He manipulated me into believing that I was not good enough, that no one else would want to be with me and that he was the only option I ever had for companionship, and I believed that. He was a pathological liar and used these traits constantly to convince me to stay with him. At the time I was scared to leave him. I was scared of the harm I was potentially putting myself into and was very embarrassed to reach out to tell anyone the situation I had truly gotten myself into. It wasn't an enjoyable relationship but it was easier to stick it out and stay quiet than to embarrass myself by allowing others to know what I had let him do to me.

In 2014 the said boyfriend at the time demanded that I drive him somewhere. He threatened my well-being and threatened to take my vehicle without my consent after heavily drinking. As I always did to avoid the confrontation and abuse I agreed to whatever it was that he wanted. I was not aware of where I was taking him, what his plans or intentions were or what the outcome of this car ride would be. I just knew that if I did not do what he had requested that things would

not be good and my wellness would be put on the line. I truly believed he needed a quick ride somewhere and we would return back to my apartment shortly after.

That night in 2014 turned bad very quickly and without my actual involvement or my knowledge a serious crime was committed by said boyfriend at the time. I was not involved in any of the plans nor the actual crime but since I was the one giving the ride I was automatically associated and involved in this horrific situation. A young innocent girl lost her life that night due to very reckless decisions by people who displayed themselves as good people when deep down they were pure criminals.

I had the option to go to a trial like the others involved and deny what happened that night and fight for my freedom. The other two parties also had the option to speak up and tell the authorities that I was not involved in the situation but they chose to blame anyone they could to try and take the spotlight off of them. Although I was not truly a willing participant involved in this crime, I took responsibility for what the public eye and law enforcement ruled as my involvement. I worked closely with Anchorage Police Department and many detectives to convict the individuals who were solely responsible for taking the life of an innocent young girl that night. I did not work with authorities to try and lessen my responsibility or to lighten my involvement, I worked with them because in my heart I knew it was right to help fight for justice for a girl who couldn't defend herself anymore and to help find peace for a family who was broken.

I spent a very fair share of time at Hiland Women's Correctional Center in Eagle River Alaska waiting for my court dates and waiting for the final convictions of this case. I knew that was not where I belonged but I had made decisions to associate myself with people who potentially ruined my life at the time and it was only my fault that I let them play that role in my life. This situation resulted with me being convicted of a manslaughter charge, which carried a sentence of 4-10 years in prison. All together I spent 14 months incarcerated and 25 months on house arrest / 3rd party. After I was released from incarceration I was on parole for a total of 12 months. I am proud to say I completed my parole and was released from parole supervision early due to my compliance and good behavior.

Upon my release from incarceration I had a job at a Mexican restaurant where I became a shift lead. I opened the store daily at 5am and worked 8-12-hour days. Cosmetology has always been a passion of mine so I decided to pursue a career at a salon to get my foot in the door. I started as a receptionist at Halo Salon in Anchorage and 6 months later I was promoted to Salon Manager. I managed the books, the inventory, appointments, bill pay and ordering, all while still working part time at the Mexican restaurant.

After my experience in the salon I decided to start aesthetics school to really move forward and get my career going. I finished my schooling in Alaska shortly before moving to Vegas to be closer to my family. I have passed all of my testing to become certified and am now a certified esthetician who plans to further my career path in Las Vegas.

While the charge listed on my record is a very serious charge that raises red flags, it does not define who I am as a person. That 2014 night does not define who I am or what I stand for, it defines one very poor decision I made trying to please another person and I have paid an ultimate price by doing that. I am not a criminal. Over the last 6 years I have grown tremendously as a person and found more inner peace in myself than ever before. I have worked very hard to regain the assets I had lost when I fell into this situation and have done a very good job maintaining a consistent work history and keeping all of my financials in line.

I do not ask that anyone overlook or turn their head to the obvious but I do ask that people see the good in me and who I have become since this situation. I am not proud of the challenges I have faced in life and the image it had created for me as a person but I am thankful for the knowledge and strength I gained through them as it has created me into a even better person I was before.

I thank you for your time in reading this letter and giving me the opportunity to explain this matter to you. Attached is the final court ruling, please let me know if anything else is needed. Please feel free to contact me at the number listed below if you should have any further questions or concerns.

Very respectfully,

Upon my recent request to transfer my aesthetics license from the State of Alaska to the State of Nevada I anticipate that you may have some concerns regarding my criminal history. I would like to take this chance to explain to you the charges that appear on my background.

Since I was a teen I have always had a stable job and had employees and co-workers who admired me. I have been recommended for raises and job advancements due to performance and personally many times. I have worked in many different professional settings from childcare facilities to rotational oil field positions and many others in between. I have always considered myself a very hard worker and go getter and always enjoyed going to work on a daily basis and being a part of a team. I have always set goals and dreams for myself that were reasonable and achievable with dedication and hard work and I would like to think I have always done a very good job working to achieve them. Most would tell you that I have always worked my hardest to earn my money and make a successful living.

When I was 20 years old I was working in Alaska in a small oilfield town by the name of Prudhoe Bay. I worked a 2 week on, 2 weeks off schedule. I was making very good money, had just bought a brand-new Jeep, had my own apartment and was doing very well for myself. I was proud of myself and how much I had accomplished by this age, when most of my friends were still living at home with their parents trying to figure out life. Right around the time I turned 21 years old I met a guy who was a bit older than me. This guy influenced me to become someone I truly was not and took my life in a whole different direction than I was accustomed to. At the time I was not aware of who he truly was, what kind of person he would be to me, what he had been through and the troubles he would cause in my life. Subject: My letter explaining [REDACTED]

To whom it may concern ,

My name is Joseph Jacquez , and I am currently trying to transfer my hair design and soon my esthetics license from Oregon to Nevada . I know my past has brought up some concern and the state would like an explanation. In my teen years 12 - 18 I was homeless and came from not the best background . I was struggling to survive as a teen when I had no one which lead to a life of criminal events and drug abuse that I will be forever paying for the rest of my life in scenarios like this . When I was 18 I was convicted for burglary in the 3rd degree for being with someone when they stole bikes out of a parking garage , which were later sold .I also was convicted of residential burglary , which was from entering someone's garage when they were not home . I paid for those mistakes by going to a residential behavioral treatment center called American behavioral health systems where I resided for 3 months , and graduated on time . Which I moved onto my DOC probation. Where I spent two years going to outpatient treatment and restructuring my whole life in to a new and improved sober me . I got into a little bit of a fight with someone from my past a year later after my doc probation which I let my emotions get the best of me , which lead to a assault charge , which I did not deny and I paid my do's for . I took some anger management classes , and was on probation for 2 years .

From 18 til now my life has changed significantly. I'm sober , I volunteer , I graduated from school at Paul Mitchell the school of Portland . I also plan on going back to school to get my business degree this year . I have met the most amazing person who is now my husband , who is also in recovery, who pushes me to be a better version of myself everyday. I am surrounded by happiness and people who care and cherish my life since I have fought so hard to be where I am at today . If you were to put 18 year old me , and who I am today in a room I wouldn't be able to recognize that person anymore , as I am a ever growing person .

I'm hoping you will consider the accomplishments I have done and the obstacles I have overcame and approve me

Joseph Andrew Jacquez jr .

I am requesting a variance to the county population requirement of 50,000 residents. Mesquite, although in Clark County, is a rural area, only one mile from Lincoln county, which qualifies. It is my hope to use this opportunity of an apprenticeship to enter the family business.

Dear whom it may concern,
I received my license back in 12/2013 I worked in that field for 10 months then got on with the state of Nevada. I then only worked part time for a few years. After that I didn't work as a Cosmo anymore. Time got away from me and soon my license was expired and I was unaware that I would get charged each month I couldn't renew it. Then it got to the point I couldn't afford to renew it. I understand it's my fault I'm so late renewing my license, but if there is anyway my fees can be reduced it would be greatly appreciated.
Thank you,
Gina Heidt

- **You have selected *other*. Please explain the reason for your request to appear before the Board in detail.**

Hi, my reason for this is because I just noticed that my license expired a year ago, & wondered how this happened, because state board has always mailed my renewal form to me, but this time, I never received anything & it got overlooked. I just happened to catch it Saturday night when I took my license out of my wallet to see when it expires, & that's when I saw it expired a year ago on my birthday! I immediately went online & took the test on sanitizing & passed, but when I tried to pay & it wouldn't let me .

Problem is , they never mailed renewal form to me & I happened to catch it 2 nights ago & immediately got online & took the test, but it wouldn't let me pay the fee & that's why I called to find out what was going on. I heard 2 different stories ...1 from Lisa & the other from Bertha, but neither one had the same story. 1st Lisa said they mailed the form to my old address on Brush St., & I said I moved from there 9 years ago, then she changed her story & said they mailed it to shellfish & I said I never got it.

Bertha told me a letter was mailed in 2016 that they would no longer be mailing out renewal forms, & I said I never received that either. Then Lisa said they tried to contact me 8 times by a robo text kind of system, & I said that was my landline & response would have come back to you that you can't send a text cause this is a landline & she had no response to that. Nobody tried to call or text me on my cell to let me know they were no longer doing this & their was no reason for me to believe that I wouldn't be getting my renewal in the mail since they've been doing it for 9 years !

So the problem is my license has now been expired a year, since 04/17/2019 & I'm asking if you will waive the fees that have now accrued on my license to \$290. This was not my fault, & I also feel that something is strange about this whole thing, because I feel it's a little ironic that they both told me something was mailed , but I never received ANYTHING from Stateboard, & I was told by Lisa they tried to contact me 8 times to my home phone, yet I never received 1 message on voicemail?? How does that happen? I feel that my name somehow slipped thru the cracks & I was overlooked, so I'm asking you to please waive these fees that I don't have , to pay this as I was never notified via mail or phone. But I'll know next time, because I will put it into planner to make sure & renew every 2 years & not wait to receive it by mail.

Oh & 1 more thing....Liss said we're not sending out renewals anymore, & I said why wouldn't you send a notice out to let us know this, cause I've been relying on your to send out since you've been doing it for the last 9 years to be, so why would I think anything else? We get so busy in life, that I wasn't keeping an eye on my license as to when it was to expire, I wait for my letter from you.

So please , im asking you to find it in your heart to waive these fees for me , as this was an honest mistake & give me this 1 courtesy to renew my license at normal fees of \$70. I would be forever grateful to you for helping me out

in this situation.

Thanking you in advance for your help in this serious matter.

Regards,
Darlene Leto

I currently work in Law enforcement, and take care of my mother who is elderly and has Alzheimers. Between the long hours at work and constant care of my mother, I had forgot to send in my renewal application. I had completed the sanitation and application but had not made the time to get a picture taken. I went to renew online during the COVID crisis only to see that my fines had accumulated to over 800.00 which I cannot afford at this time. I would like to renew my license and possibly go back to being a nail tech upon retirement. If I could get a reduction in fines, that would help me immensely. Thank you for your time, Cindy Iverson

I am the owner of an aesthetic practice. I initially agreed to rent a room to Clinique Ford for lashes. Clinique had found us on IG and approached us about "lips and lashes" and she would handle all the marketing. When a person wanted lips they were suppose to call my office and book with us.. I am not sure where the breakdown has occurred, but the name of my company and practice has been implemented. I was not aware that my company or name was placed on her website and she did not receive my permission to do so. In all actuality, Cliniques' employees did a total of 4 lash clients in this practice and she never rented the room, we just exchanged marketing hours in return to get our shopify up and going. Other than that service, Clinique has never touch any client that entered my business nor did I ever witness her telling anyone that she was licensed to provide any services. At that time, there were 2 injectors in this practice, which included Boston Crockett and Myself. No one has ever injected any product nor has access to my pharmaceuticals as I have keypad entrances on every door and I alone have the combination to my door. I am petitioning for these fines to be removed as I have no association with Cliniques' business, had no awareness of her website or what she posted and no laws were breached under the roof of my practice. Thank you Michelle Norvell, MSN, FNP-C

To Whom It May Concern:

On 1/09/2020 Kara Ishitani carried out an inspection at G Aveda Salon downtown Summerlin, Las Vegas.

I was then informed via email that I had received a citation (Nac644.340).

I was quite surprised as I was not present at the salon and I never gave anyone permission to go through my belongings.

With the email I received from Nevada State Board of Cosmetology, I looked up the violation to get a better understanding of why I got a citation and what I could do to prevent it from happening again.

Upon reading Nac 644.340 I read, "(b) All instruments, implements and other nonporous tools must be cleaned and disinfected in the following manner before each use:"

It clearly states that the equipment must be cleaned before use it does not state anything about cleaning after use, I would like an explanation of why I got violation?

This would help me prevent any future Violation and give me a better understanding.

I look forward to your response

Vijay Sangar (H-43162)

1. The headrest of each chair must be covered with a clean towel or paper sheet for each client.

All towels must be washed with detergent on the hot wash cycle and dried until hot to the touch after each use. After being washed, towels must be kept in closed, dust-free cabinets.
4. Sanitary neck strips or towels must be used between the neck of the client and the cape to prevent all coverings from coming into direct contact with the client. Proper draping of towels must be used for all services, except that single-use paper neck strips made specifically for such use may be used for dry services.
5. Treatment tables must be disinfected after each use with a disinfectant.

If concentrated disinfectants must be diluted with water, measuring devices must be readily available and used to ensure an effective solution is made. A

concentrated disinfectant not in the original container must be legibly labeled with the name of the disinfectant and use instructions if the original container with instructions is not available.

(c) All disinfected instruments, implements and other tools that are not in use and not in the process of wet disinfection in a wet disinfector must be stored in a clean, dry, closed container, drawer or storage unit that contains only disinfected instruments, implements and other tools.

I just barely finished blow drying a client ran to the rest room because I started not feeling. I started vomiting for quit awhile. Finally stopped, asked a co-worked to clean up my spot and I grabbed my purse and went home. Ended up having the stomach flu. Didn't intend on leaving without cleaning my brushes and station properly. I just ran out of there as quickly as possible. I did no more clients that day. I received a fine for having hair in my brushes.

I have been open for 16 yrs and my salon has never been warned for hair in the sink as my team cleans and sanitizes the shampoo bowl after each and every client. Unfortunately, when the inspector came in one of our stylists was washing a client while she was doing her inspection. In the midst of the time the stylist walked away to seat the client before going back to clean out/wipe the sink, the inspector must have done her inspection at the shampoo bowl. She did inform the manager on duty about the hair in the sink, but the manager was under the impression that she was making us aware that there was some hair caught in the hair trap. In the 16 years of being here, I have never received a warning for our shampoo bowls not being clean. I am please asking this to be reduced to a warning as I do not want this to be on my clean record as my team and I take great pride in being in full compliance with the NV State board of Cosmetology.

My experience in art has taken me all around the world of art, engaging in a variety of artistic methods and activities ranging from hand crafts to beautiful henna art. A pillar of my artistic ability has always been portraying life experiences and emotions in my art, and that's why **I'm so happy to be able to operate my studio out of my home**. It allows me to balance my love for art with the inspiration that allows me to do art in the first place. Doing art for my clients is my primary joy in life and I look forward to working with you!

I love Sayeh! I've been seeing her for years and get perfect eyebrows every time. She has a great personality and I will follow her wherever she goes. Her last place tried to tell me she was no longer doing threading but thank god I found her so they can stop messing up my eyebrows. Don't go to Sara's there's always new threading techs and you never get the same service twice!!! She convinced me to try some of the threaders there and I got unever were always running late. Sayeh is the professional, kind, on time, and fair with her prices.

The fine was due to charging people to do their hair in my home. I am not charging people to do their hair in home. I do very close friends and family's hair for free and post their hair on social media in order to build my portfolio for when I start applying for salons in August when my daughter goes to school. I can have all my friends/family write statements and sign them stating so. Unfortunately, I have had to evict one of these close friends from my landlord property and out of spite they have filed a false complaint. Not only with the state board of cosmetology but also the department of insurance as my full time job is with Allstate insurance, animal control for animal abuse and have continued to harass with false allegations. I can provide the eviction documents as well as the harassment claim I am filing with justice court. Please let me know what else is needed.

As a growing business here in Las Vegas when we opened our doors I was very thorough in asking questions to be sure we follow everything. I plan to have several more salon locations and have paid all of my employees fines. (Even the one who quit after this inspection and will not be renewing her license or doing hair any longer.) We have taken all action to be sure we are cleaning all brushes daily and following code. We were un aware to keep the plastic boxes for soiled brushes. We want to keep our industry standards high and I completely understand we were in violation. I appreciate every inspection that happens and although brushes are very important I appreciate the state board keeping nail salons clean.

We feel that we are an exceptionally clean and safe salon, and that we are setting the standard for Las Vegas. We were fined for a couple hairs in a brush, which is a rule that was broken, but we feel that our fine was harsh for what happened. We always strive to have a clean and safe environment for our guests and employees. We were also fined for two stylists who are no longer doing hair and are letting their licenses lapse, and we would like the charges to be forgiven on that too. We realize we broke a rule, but we are asking for forgiveness instead of an offense.

Based on the inspection in May 2019, we were educated to not have certain acrylic liquids and have the original labeling on bottles with ingredients. However, a simple fix such as having a lid on the trash can and cleaning the hot towel machine was not given as a warning to us. We sincerely try to abide by the regulations, but when there are so many regulations that we are unaware of, we truly appreciate a warning to have an opportunity to correct it. Therefore, we ask that we can get a warning instead now that we are aware and have corrected the violations.

To whom it may concern, I had 3 citations from my business that was closed down that was rolled over to my personal license. I had filed a petition for it and waiting for the petition date. I am filing an additional petition for a reduction in these citations in case it did not get rolled over. I was informed that the date for the petition is in January. I am seeking a reduction in these citations because of business closure and unprecedented times. Please consider a reduction of the fines. Thank you for your time.

Eyebrow threading is an ancient natural hair removal technique that has been practiced amongst the most beautiful women in Asia and the Middle East for centuries. It is the best alternative to tweezing and waxing, particularly for sensitive skin. Unlike waxing, threading does not remove a skin layer that can make your skin susceptible to sun damage. Eyebrow threading is a simple process that is often considered to be one of the most painless (and least invasive) option for shaping brows, creating a graceful brow with clean, well-defined edges framing the eye.

I only work 2 days a week. Before I leave, I always take my tools and things home. The owner always reminds us to throw away the filer and buffer because they say we will get fine; I always make sure I do because I cannot afford such a fine. I was not working that day, everyone shares my desk because I am only part time. That buffer is not mine. I was not working that day. The inspector cannot just pick a license to blame it on.

Hello, I've had my cosmetology licenses now for 17 years and never once have had a citation or would ever disobey the state board rules. I honestly had no idea that working mobile as long as i had a valid license was against the rule. But I know now and would never think twice of violating state rules. I haven't yet practiced on anyone outside of a salon. It was only a beginning on an idea to promote but in no time I got into a salon that I still work at now. Shimmer Nails. Im a single mom of a 5 yr old and now pregnant with a second child. Please... can I get off on this citation with a warning. I just cant afford a \$500 fine right now. Please reconsider? Thank you

Gina luu and fullset with gel polish is \$50.

Yes?

Trust me that i have a nevada license. Ive been doing nails for 23 yrsrs now. I could show you my license if we meet.

But its up to you. I dont know you or do you know me. I understand you being worried as i do too meeting new people online.

Gina is my nick name. My real name is hard for people to pronounce. Also Im a mobile nail artist. I do not work in a salon.

I just started my bussiness on fb. Maybe it might be best for me to keep my bussiness through word of mouth. This can be dangerous meeting random people online. And with the world the way it is. Its a worry for you and i.

Your the reason way this world is untrust! God blessed!

Good Afternoon Ms. Luu,

We have received a consumer complaint that you are performing services outside of a salon. You need a Limited License to perform services outside of a licensed establishment and the services you could perform are limited. Please review the information on our website regarding Limited Licenses and if you are performing services please apply for a Limited License so you are in compliance with State Board regulations. In re: Giang Luu C-35787/Ginailslv

CEASE AND DESIST NOTICE

Dear Ms. Luu,

Be advised that the Nevada State Board of Cosmetology ("Board") has been notified of your unlawful activities in the State of Nevada.

Pursuant to Chapter 644A of the Nevada Revised Statutes ("NRS"), the practice of cosmetology, including the practice of shampoo technology, esthetics, hair design, and/or nail technology, is subject to the protection and regulation by the State. Further, the State has entrusted the power to regulate and enforce the practice of cosmetology to the Nevada State Board of Cosmetology.

The Board has obtained information that you are engaged in the practice of cosmetology without being licensed to do so. Specifically, you advertised mobile nail services without a Limited License, which are regulated under the purview of the Cosmetology Board. See NRS 644A.825; NRS 644A.825.

Predicated on the aforementioned, **this correspondence shall serve as a demand that Giang Luu C-35787/Ginailslv immediately cease and desist conducting unlicensed activity, namely practicing mobile nail services in the State of Nevada.**

Be advised that NRS 644A.850 authorizes the Board to impose an additional fine of up to \$2,000 per violation upon any person who violates the provisions of NRS 644A.850, which delineates the grounds for disciplinary action by the Board. Additionally, NRS 644A.950 states that any person who violates any provisions of NRS Chapter 644A is guilty of a misdemeanor. In the event you fail and refuse to comply with this cease and desist demand, the Board may seek any and all disciplinary action against you.

This correspondence shall not waive any of the Board's rights and/or remedies, all of which are specifically reserved.

If you have any questions, please do not hesitate to contact us.

Sincerely,
Maggie Adams

I was given a citation for using a foot file for pedicures. I was told this particular foot file was not allowed. I have been using it for 5+years and have never been told by inspectors beforehand that I could not use it. I would never use something that was dangerous nor did I know it was not allowed. I have never injured or hurt a clients feet using this file. I purchased it a professional nail and hair supply store. In my nearly 16 years of owning and operating my salon, I have never been in violation. I have a very clean, reputable reputation with the State Board of Cosmetology. I am asking for mercy with this situation and given my salon reputation of operating a clean and healthy environment. The tool has been discarded. Please let me know how I can now remedy this. The citation comes with a fine that is very financially dire for me. Thank you for your time and consideration.

The stylists and the owner we're not the only ones with keys to that salon maintenance of the nursing in the nursing home were the one that allowed Stateboard to come in since nobody was there . I have walked into that salon on other occasions and noticed that people were in the salon when we were not there not sure if they were license or not . I was diagnosed with Charcot A week after The inspector came in . and just got approved for my Social Security I could no longer work in a salon doing hair but I would still like to keep my license current for products. I was wrong fully charged for advertising eyelash extensions and operating a salon without a license when I was not. My Instagram I had made back when I was attending cosmetology school that I did not finish. I had posted pictures continually but there is no actual proof that I am physically advertising eyelash extensions and doing them.

Appeal a Violation (Dispute the inspection report findings)
- **Please describe in detail the reason for disputing the violation.**
To whom this may concern: Today, I am contesting my citation and fine of \$100 given by the NV Board of Cosmetology. Previously employed in an establishment in Las Vegas, this particular Nail Salon did not practice regular sanitation and disinfection procedures as well as not encouraging each employee/independent contractor to practice as such, even far as repremanding other employees/independent contractors in immediately disposing single use items such as nail files, nail buffers, etc in order reuse single use items (mentioned above) in the establishment on various walk-in and repeat clients during hours of operation. Establishment was family owned which predominatly comprised of family members to rally up on employed "outsiders" to mentally manipulate in reusing single-use items daily. Though cleaning my station daily and volunteering my time to assist in keeping the establishment clean, this was not a regular practice that was mandated nor encouraged by owners/management. First inspection conducted by nv inspector that I was partially present for was a similar situation to the secondary that I was not present for on the day about three weeks after I was officially sited; routine practice of mine is to clean and tidy my station - all implements sanitized and disinfected, unnecesary single use to be disposed of after each client in the garbage. Being licensed in CA and NV and a cosmetologist for more than a handful of years, sanitation and disinfection was, has, and is the utmost priority personally, especially with all my clients. This act of placing used single -use items in my station may have been a personal attack to blemish my career as a cosmetologist by another employee however, I do strongly feel that my citation should be reevaluated and inspected further.
- **What is the violation number?**

- **What was the violation issued for?**
Citation: Failing to properly dispose of single-use instruments after use on a client. (NAC 644.340)
